

“Train the Trainers”

Three Days Laboratory Training Workshop for College Biology Teachers

Keeping in consideration, HEC’s initiative to replace 2-years BSc with 4 years BS Programme throughout Pakistan, a dire need is being felt to provide adequate training to college teachers. This training workshop will enable teachers to cater the research and practical needs of students. Allama Iqbal Open University has renowned contributions in conducting teacher training Programmes for school/college teachers.

The Department of Biology & Environmental Science, is therefore taking an initiative to organize lab based workshop to provide hands on training to the college teachers in different areas of Biochemistry, Molecular biology, Microbiology and Bioinformatics.

Features: This full hands on training workshop will cover

- DNA Extraction
- Gel Electrophoresis
- Polymerase Chain Reaction (PCR)
- ELISA
- Tissue Culture
- Microbiological Techniques, and
- Bioinformatics Tools

Venue: Committee Room, Science Block, AIOU, Islamabad

Registration Open till “October 20, 2017”

(No Registration fee will be charged to Phase I Trainees)
