ALLAMA IQBAL OPEN UNIVERSITY

Allama Iqbal Open University, a mega university was established in 1974 under an Act of Parliament. The Main Campus of the University is situated in Sector H-8, Islamabad. It was the second open university of the world and the first of its kind in Asia and Africa. The aim of establishing AIOU was to provide affordable and accessible education through distance learning at the door-steps to those people who could not continue their education journey through formal system of education. The University (AIOU) operates on semester system and admits students in Autumn and Spring semesters. Under graduate admissions are offered in both the semesters where-as postgraduates are offered once a year. The enrolled students are given course books specially prepared by the university on self-instructional principles. However, at post graduate level reprints of foreign books alongwith allied material and university prepared study guides help students to polish their skills.

At present, the AIOU is offering programmes from matric to PhD level in diverse disciplines comprised of four faculties.

The university has established study centres across the country where distance education students are provided necessary guidance by their respective tutors. The university has established full-time study centres and is offering four years' under-graduate degrees.

Apart from curricular and extra-curricular activities during the academic year, the AIOU and its regional centres actively participate in the co-curricular activities by arranging educational and literary seminars, workshops and conferences at national and international level, attended not only by the students and faculties of the university but also by the renowned dignitaries and scholars. For the science students and the research scholars, a science complex has been built where they use the latest equipment of international standard for experiments and research. To meet the present day challenges, internet facility is also available in the student hostels and the Central Library where computers have been provided to enable students to access latest information available through open source databases.

In tune with the government's policy of promoting and strengthening a culture of higher education and research in the country, the AIOU's Faculty of Social Sciences and Humanities has shown a lot of dynamism over the past few years. It has launched MPhil/PhD programmes in Iqbaliat, Urdu and Mass Communication and History while preparations are being made to launch MPhil Business Administration, Applied Linguistics.

The Faculty has expanded vitally and its programmes have gained a high popularity as is clear from rapidly rising trend of enrolment during the past decade. During the period under report, the Faculty accorded high priority towards quality improvements and to modify its programmes in accordance with the current challenges of 21st century.

The Faculty proposed to launch Post-Graduate programmes in the disciplines of Political Science and International Relations, Psychology, Public Administration and Social Work.

DEPARTMENT OF LIBRARY AND INFORMATION SCIENCES

Introduction

Postgraduate library education in Pakistan started in 1956 by the University of Karachi. In the mid-eighties there were six library science departments all over the country. But they were not producing the required number of trained professional graduates as per demand. Moreover, the rate of technological change created by television, computer and other mass media was so stunning that many librarians had been unable to assess clearly its far-reaching effects on the sphere of their services and operation. Thus keeping in view the demand of professionals and mission of AIOU, the Department of Library and Information Sciences was established in 1985 within the Faculty of Social Sciences and Humanities to cope with this shortage and change. It contributes to meeting the professional requirements of the existing libraries and training skilled manpower scattered all over the country in accordance with the emerging need and trend.

Master of Library and Information Sciences (MLIS)
