## **ALLAMA IQBAL OPEN UNIVERSITY**

Allama Iqbal Open University, a Mega university was established in 1974 under an Act of Parliament. The main campus of the university is situated in sector H-8, Islamabad. It was the second open university of the world and the first of its kind in Asia and Africa. The aim of establishing AIOU was to provide affordable and accessible education through distance learning at the door-steps to those people who could not continue their education journey through formal system of education. The University (AIOU) operates on semester system and admits students in Autumn and Spring semesters. Under graduate admissions are offered in both the semesters where-as post graduates are offered once a year. The enrolled students are given course books specially prepared by the university on self instructional principles. However, at post graduate level reprints of foreign books, allied material with university prepared study guides help students to polish their skills.

At present, the AIOU is offering programmes from matric to PhD level in diverse disciplines comprising of four faculties. The university has established study centres across the country, where distance education students are provided necessary guidance by their respective tutors. Moreover, the university has established full time study centres, wherein the students are being provided instruction, guidance and

counselling through face-to-face education. AIOU is offering four year under graduate degrees.

### **Introduction:**

The National Education Policy of 2009 states that to improve the overall quality of education in Pakistan, the standard of teacher education must be raised. The policy calls for reforms in pre-service training and standardization of professional qualifications.

As a step towards improvement in educational standards new National Scheme of Studies for school education was developed.

It was notified by the Ministry of Education (MOE) in 2006. Major objectives of new scheme included teaching of school subjects using interactive student centered methods focusing on development of higher order cognitive skills. The new scheme suggests a paradigm shift in learning from teacher centered, rote learning to student centered and active learning. Better educated and trained teachers are required to implement the scheme effectively. ADE and B.Ed (Hons.) programmes have been introduced with the focus on nurturing those aspects in teachers that correspond to the basic requirements of National Education Policy 2009, National

Scheme of Studies 2006, National Professional Teaching Standards 2008 and National Accreditation Council for Teacher Education 2009.

ADE is a transitional two-year programme of 72 credit hours linked with and leads to B.Ed (4 year) which has replaced the diploma, PTC, CT programmes providing an opportunity to prospective teachers to enhance their academic qualifications and acquire a professional degree.

#### Aims & Objectives:

- To equip the prospective teachers with adequate knowledge of subject matter, contemporary pedagogy techniques, communication skills, critical thinking, and dispositions to be an elementary school teacher.
- To offer students a teacher education programme that allows them to move through a four-year B.Ed., by completing part of the degree (ADE) and completing the remaining two years of the programme immediately, or by completing the additional year(s) at a later date.
