## Vice-Chancellor's Message

Dear Student,

السلام عليكم

Allama Iqbal Open University (AIOU) is one of the mega universities of the world and it occupies a unique position in the education sector of Pakistan, because of its affordability and high quality distance and online academic programs. AIOU has now turned into the most favorite university of the country with high international repute. The university made a landmark progress by ensuring access to quality education for rural areas under-privileged students and the people of all ages particularly the females can now select and join the programs of their choice, while sitting at their residence and simultaneously with continuing their jobs. After assessing the success of many degree programs in Pakistan, AIOU is now going to offer a variety of range programs for the students residing worldwide. More than 1.3 million students are getting benefits from the high quality educational services of AIOU in all regions of the country through more than fifty regional offices of the university. It offers-suggests many undergraduate and postgraduate programs at rural and remote areas providing an unparalleled opportunity to all the poor and deprived segments of the society at an affordable cost. The university has recently digitalized all its student-support services for facilitating its students on priority basis. This digitization of the system, it is hoped, will enable AIOU students to get all discipline of educational programmes using their Learning Management system (LMS) portal support online.

Committed to your bright future

**Prof. Dr. Nasir Mahmood**  
**Vice Chancellor**

**IMPORTANT ACTIVITIES TO BE REMEMBERED**

## **Amendment in re-registration and Re-Appear Policy**

It was an approved policy of the AIOU earlier that three Reappear Chances used to be given to the students in the final term examinations and workshops to those students who either missed their final exam or failed. However, the said policy was revised and reappear chances in final exams & workshops have been abolished. Due to new policy, adverse effects on the enrollment of the university have been seen and it also caused distress among students leading to an increase in Court and Wafaqi Mohlasib Cases in manifold.

Keeping in view the hardships of the students and in order to improve the enrollment AKOJ. it is suggested that: -

At least one reappear chance in final exams may please be approved in favor of those students who either have missed their Final exams or failed in the final exam with the condition of re-enrollment in that course within the fifteen days of declaration of final exam results, to appear again in the Final exam component only, from Spring semester 2023

- i. Those students who pass the Final Exam component but fail to gain required aggregate marks in the respective course (s), shall have to re-enroll/re-register in that course and repeat all the components of that course (s).

## **COMPLETE PROCEDURE TO ENROLL IN AIOU PROGRAMMES AND SUBMISSION OF FORM IN AIOU ISLAMABAD**

All fresh and continue students can submit their admission using online system.

Follow these instructions to apply:

### **APPLY ONLINE (FRESH STUDENTS)**

1. Visit website: <https://aiou.edu.pk/oas-fresh-admission>
2. Press link “**Application for New Admission**  $\Rightarrow$  **Click here**”
3. Get register by entering your email or mobile phone number
4. Login into your registered account
5. Fill all the requisite fields of admission form
6. After filling the admission form, print out your “Challan Form”.
7. Using printed challan form and submit your fee in any branch of FWBL, ABL, MCB or UBL.
8. **You can also deposit fee through Upaisa, Jazzcash & Easypaisa.**

### **APPLY ONLINE (CONTINUE STUDENTS):**

1. Visit website: <https://aiou.edu.pk/cms-continuing-students>
2. Press link “**CMS for Continuing Students**”; (<https://enrollment.aiou.edu.pk>)
3. Enter your “User ID & Password
4. Select courses and print challan form.
5. Using printed challan form, submit your fee in any branch of FWBL, UBL, MCB or ABL. Keep save copy of your challan form after submission of fee. **You need not to send challan to the University**, but University can ask for copy of challan form any time, if required.
6. You can also deposit fee through Upaisa, Jazzcash & Easypaisa.

## **ALLAMA IQBAL OPEN UNIVERSITY**

Allama Iqbal Open University, a mega university was established in 1974 under an Act of Parliament. The main campus of the university is situated in sector H-8, Islamabad. It was the second open university of the world and the first of its kind in Asia and Africa. The aim of establishing AIOU was to provide affordable and accessible education through distance learning at the doorsteps to those people who could not continue their educational journey through formal system of education. The University (AIOU) operates on semester system and admits students in Autumn and Spring semesters, Undergraduate admissions are being offered in both the semesters, whereas postgraduates are being offered once a year. The enrolled students are given course books specially prepared by the university on self instructional principles. However, at post graduate level reprints of foreign books alongwith allied material and university prepared study guides help students to polish their skills.

At present, the AIOU is offering programmes from Matric to PhD level in diverse disciplines comprised four faculties. The university has established study centres across the country where distance education students are provided necessary guidance by their respective tutors. AIOU is also offering four years under-graduate degrees.

Apart from curricular and extra-curricular activities during the academic year, the AIOU and its regional centres actively participate in the co-curricular activities by arranging educational and literary seminars, workshops and conferences, attended not

only by the students and faculties of the university, but also by the renowned dignitaries and scholars. For the science students and the research scholars, a science complex has been constructed, where they use the latest equipment of international standard for experiments and research. To meet the present-day challenges, internet facility is also available in the student hostel and the Central Library, where computers have been provided to enable students to access the latest information available through open source databases.

### **FACULTY OF SCIENCES**

Faculty of Sciences form an integral part of the University, Since its establishment in 1982 with five teaching departments, it has undergone major development changes. It now comprises nine teaching and research departments which are offering courses at the undergraduate and postgraduate levels to more than ten thousand students. The Faculty operates under the basic guidelines of the University Act and on “Education for All as Convenient” basis so that maximum students get benefit from its academic programs and educational facilities. This principle has necessitated some structural changes in the non-formal mode, particularly at the postgraduate level, in the offering of theory courses and practical lab work. This conceptual adjustment has been quite successful and many in-service students are benefiting from postgraduate study programs. Improvement in qualification for a better life is a right of everyone and the faculty’s programs meet this challenge by offering opportunities to all. In particular, a significant number of beneficiaries are those who cannot afford education in formal institution due to a variety of reasons.

## DEPARTMENT OF BIOLOGY

The approval for the establishment of the Department of Biology Science was granted by the Executive Council in February 1998. The objective of its establishment is to provide human resources/skilled personnel in various areas of Biology. Furthermore, the purpose is to educate future generations and improvement of quality of life and welfare of human beings through research for the environmentally sustainable and socially equitable use of natural resources. The Department is imparting face-to-face education in Pakistan in different disciplines of Biological Sciences.

The mission of the Department of Biology is to educate students in various disciplines of Life Sciences including those who could not continue their education due to economic or job constraints. The purpose of its establishment is to educate future generations and improvement of quality of life and welfare of human beings through research and self-sufficiency.

The Department is striving to uplift the teaching standards and provide a congenial environment for research in the field of Biology. The Department always seeks to introduce more disciplines at graduate and postgraduate levels as per the demand of society. This will help produce well-trained manpower meant to serve science both at national and international levels.

The Department is offering following programs:

- i. BS Botany
- ii. BS Biochemistry

iii. BS Microbiology

iv. M. Phil Microbiology and Molecular Genetics

The department is enriched with highly qualified regular faculty to fulfill teaching and research requirements. Well-equipped labs of Biology are available to cater practical and research requirements.

## BS BIOCHEMISTRY

### 1. Introduction

Biochemistry can be considered as *chemistry of life* and is central to all areas of the biological or life sciences. It deals with chemical processes taking place in all living organisms from viruses and bacteria to plants and animals. It specifically focuses on the study of biomolecules and vital processes that give rise to complexities of life. It comprehensively demonstrates human biochemical aspects pertaining to wellbeing and in the pathological state.

BS Biochemistry has an interdisciplinary and multidisciplinary approach enabling students to understand the core principles and experimental basis of Biochemistry. The scope of the discipline is extremely broad and graduates in Biochemistry can progress to a wide range of careers. They can work in national and international organizations in either public or private sectors, biochemical industries, food production companies, hospitals and diagnostic laboratories, pharmaceutical industries, and research institutes etc.

Biochemists may emerge as *Genetic counselors*, *Forensic scientists*, Healthcare officials, Sequencing data analyst,

Research scientists, Project officers, Quality control officers, Genetic engineers etc.

The programme aims at developing human resources in the field of Biochemistry through appropriate education and research.

## 2. Objectives

- i. To equip students with the in-depth knowledge and skills necessary for understanding basic as well as advanced and recent trends in Biochemistry and Molecular Biology
- ii. To impart skills to carry out independent scientific and technical research in key areas of Biochemistry.
- iii. To equip students with laboratory procedures and techniques necessary to understand the life processes and enable them to serve in diagnostics and research labs.
- iv. To inculcate confidence among students to pursue higher education in their specialized areas of interest.

## 3. BS Biochemistry (2.5 Year)

### 3.1 Eligibility Criteria

B. Sc Degree holders with Zoology, Botany, Chemistry as major subjects with at least 50% marks are eligible to seek admission in BS Biochemistry (2.5-years).

### 3.2 Duration of Program

BS Biochemistry (2.5 year) comprises of 5 semesters. The minimum period to complete this degree is 2.5 years and the maximum period for completion is 5 years.

## **4. Mode of Study**

University will provide face to face teaching to the students. However, an online mode of teaching can be adopted, if required.

### **4.1 Medium of Instruction:**

The Medium of Instructions will be English.

### **4.2 Study Material:**

Lecture handouts will be provided by the department. The students are also advised to consult other reference books recommended by the department.

### **4.3 Mode of Teaching**

- a) University will provide face to face teaching to the students at main campus H-8 Islamabad.
- a) The schedule of classes and dates of submission of assignments will be announced by the department.

### **Assessment and Evaluation:**

Student progress will be assessed based on the followings:

#### **Continuous Assessment**

- i. For each course the marks obtained by each student in

written assignments will constitute 2/3 of the continuous assessment. A student must obtain a minimum of 50% marks in assignments to pass this component.

- ii. For each practical based course, the marks obtained in the practical workshop will constitute 1/3 part of the continuous assessment. A student must obtain a minimum of 50% marks in the practical workshop individually in order to pass this component.

#### **Final Examinations**

A written examination will be conducted for each course with 50% passing marks.

## **BS BOTANY**

### **1. Introduction**

The study of plants is vital because they underpin almost all life forms on Earth by generating a large proportion of oxygen and food that allow humans and other organisms to subsist. Plants are one of the major groups of organisms that carry out photosynthesis, a process that absorbs carbon dioxide, a greenhouse gas that is a small but important variable that influences global climate. Plants are crucial to the future of human society as they provide food, oxygen, medicine, and products for people, as well as creating and preserving soil.

This programme has an interdisciplinary and multidisciplinary scope enabling students to understand the concepts of Botany. It covers a wide range of scientific disciplines including the study of plant structure, growth, reproduction, metabolism, development, diseases, chemical properties, evolutionary relationships, and plant taxonomy. Graduates with Botany can work in national and international organization in public and private sectors as Biodiversity Researchers, Environmental Scientists, Nature Reserve Managers, Wildlife Management Advisors, Ecological Consultants and Conservation Officers, Quality Control Officers, Salesperson etc.

### **2. Objectives**

On accomplishing the course, the students will be able to:

- i. Demonstrate comprehensive understanding of Botany as an interdisciplinary and multidisciplinary subject.
- ii. Achieve awareness about the evolutionary trends and plants systematic in pursuit of nature conservation.
- iii. Understand the relationship between economic growth and importance of indigenous plant resources.

### 3. BS Botany (2.5-Year)

#### 3.1 Eligibility/ Criteria

B. Sc. (Botany as Major Subject) with at least 50% marks

#### 3.2 Duration of Programme

BS Botany (2.5-year) comprises of 5 semester. The minimum period to complete this degree is 2.5 years and the maximum period for completion is 5 years.

#### 3.3 Scheme of Studies

## 4. Mode of Study

### 4.1 Medium of Instruction

The Medium of Instructions for BS Botany will be English.

### 4.2 Study Material

Reprinted or compiled course books/lecture handouts will be provided by the University. However, the students are advised to consult other reference books recommended by the department.

### 4.3 Mode of Teaching

- University will provide face to face teaching
- The schedule of classes and dates of submission of assignments will be handed over along with study material.

### Assessment and Evaluation:

Student progress will be assessed based on the followings:

### Continuous Assessment

- For each course the marks obtained by each student in written assignments will constitute 2/3 of the continuous assessment. A student must obtain a minimum of 50% marks in assignments to pass this component.
- For each practical based course, the marks obtained in the practical workshop will constitute 1/3 part of the continuous assessment. A student must obtain a minimum of 50% marks in the practical workshop individually in order to pass this component.

### Final Examinations

A written examination will be conducted for each course with 50% passing marks.

## BS MICROBIOLOGY

### 1. Introduction

This is an era of scientific revolutions. Microbiology, which is parallel to molecular biology as well as biotechnology, is an emerging scientific field. Lots of work is being done at international level but Pakistan is still behind in this field. The trained manpower well versed with laboratory techniques and disease diagnostic facilities is limited in the country. Keeping this in view, the Department of Biology has launched four years BS Programme in Microbiology from the semester Spring, 2009.

This programme is designed to:

- i. Provide skilled laboratory personnel for catering to public needs.
- ii. Provide research atmosphere for the support of laboratory facilities.

### 2. Objectives

After completing this programme, students will acquire the necessary knowledge based in Bio-medical sciences, which is very important to diagnose the infectious diseases as well as epidemics. The overall objective of this programme is to **promote education of Applied/Life Sciences in the country.**

- i. To provide human resources/skilled Microbiologist for catering the needs of medical laboratories in hospitals and research institutes.
- ii. To provide a foundation for higher studies in Microbiology.

### 3. BS Microbiology (2.5-Year)

#### 3.1 Eligibility Criteria:

BSc with Botany & Zoology as major subjects with at least 50% marks.

#### 3.2 Duration of Programme

BS Microbiology (2.5-year) comprises of 5 semester. The minimum period to complete this degree is 2.5 years and the maximum period for completion is 5 years.

#### 5 Mode of Study

##### 5.1 Medium of Instruction

The Medium of Instructions for BS Microbiology will be English.

##### 5.2 Study Material

Lecture handouts will be provided by the department. The students are also advised to consult other reference books recommended by the department.

##### 5.3 Mode of Teaching

- a) University will provide face to face teaching to the students.
- b) The schedule of classes and dates of submission of assignments will be announced by the department.

##### 5.4 Assessment and Evaluation

- c) For each course the student progress will be assessed on the basis of the followings:

##### Assessment and Evaluation:

Student progress will be assessed based on the followings:

### **Continuous Assessment**

- v. For each course the marks obtained by each student in written assignments will constitute 2/3 of the continuous assessment. A student must obtain a minimum of 50% marks in assignments to pass this component.
- vi. For each practical based course, the marks obtained in the practical workshop will constitute 1/3 part of the continuous assessment. A student must obtain a minimum of 50% marks in the practical workshop individually in order to pass this component.

### **Final Examinations**

A written examination will be conducted for each course with 50% passing marks.

### **Guidelines for Online Application**

- i. Visit AIOU Website: [www.aiou.edu.pk](http://www.aiou.edu.pk)
- ii. Click on OAS (Online Admission System) for Fresh Admission
- iii. Click 'Register' & fill details
- iv. Upon successful registration please click on login
- v. Fill login details and login to the portal
- vi. After login click on Step-1 and complete your profile. Note: All tabs should be filled before applying for admissions.
- vii. After completion of Step-1, click on Step-2 then click on "Download Challan" against programme (s) you wish to apply.
- viii. Pay the *admission form fee* as per AIOU prescribed criteria through selected bank branches or online payment methods.
- ix. After admission fee confirmation, you will be called on through SMS to visit the department for the verification of your credentials.

- x. After the verification, you will be informed whether you are eligible for the admission in BS Programme or not.

## **DEPARTMENT OF ENVIRONMENTAL SCIENCE**

The approval for the establishment of the Department of Environmental Science was granted by the Executive Council in February 1998. The department was initiated with the aim of creating awareness and understanding of knowledge and skills required for sustainable environmental management. The purpose of its establishment is to educate future generation and improvement of quality of life and welfare of human being through research for the environmentally sustainable and socially equitable use of the natural resources. The department is determined to provide quality education to its wards through scientific and project-based learning curriculum..

The Department of Environmental Science is committed to educate its students for sustainable development of society, ensuring economic stability with eco-centric approach of development. The students from different fields can opt environmental sciences not only as a degree of substantial market value but also for their personal development on important moral values of environmental stewardship, so they can contribute significantly in achievement of better and sustainable society.

The Department is continuously growing and flourishing both on quality teaching and research facilities to facilitate its students in better learning. Undoubtedly the current era is a modern new world of environmental challenges that

questions the safety and stability of life on earth. Though is developing labs and faculty, the Department of Environmental Science promises to develop a holistic educational approach for the students to deal with challenges of the modern era.

The Department is offering undergraduate programs:

- i. BS Environmental Science 4- Year Program
- ii. BS Environmental Science 2.5- Year Program
- iii. BS Environmental Science 2- Year Program
- iv. M.Phil. Environmental Science 2-Year Program

The Department has well established lab facilities to foster the developing research ideas of the enrolled students, with competent faculty to guide them.

### **BS ENVIRONMENTAL SCIENCE**

#### **Introduction**

The increasing environmental degradation due to urbanization has highlighted the need of Environmental Sciences. It is an integrated discipline designed to provide a comprehensive knowledge of the fundamentals of biological and natural sciences in solving environmental problems. The Environmental Sciences department is currently running BS and MSc Environmental Sciences Program under the Faculty of Science at AIOU. Where currently offers undergraduate program of BS Environmental Science. The courses offered in the department are designed considering the multidisciplinary nature of the discipline and focus on understanding of the

fundamental processes that contribute to environmental pollution and natural resource degradation with the aim to train students to combat pollution and ensure sustainable development in the country.

Graduates from the Department of Environmental Science can find potential opportunities and career in a national and international organization working for sustainable development.

### Objectives

The 4 years' degree program will enable the students to apply interdisciplinary skills, systems approaches and perspectives to understand and analyze environmental issues and policies of global and local concerns. It aims at producing dynamic young environmentalists by developing academic foundation, technical skills, communication abilities and professionalism enabling them to compete in both the governmental and non-governmental sectors.

On accomplishing the course, the students will be able to:

- i. Deal with local and global environmental challenges, both academically and practically
- ii. Contribute in informed decision making, strategic planning and leadership in the society through interdisciplinary understanding and problem-solving abilities

### BS Environmental Science (4-Year Program)

#### Eligibility Criteria

- i. F. Sc (premedical or pre-engineering) / DAE or equivalent qualification with minimum 33% marks is

the pre-requisite for admission in BS Environmental Science.

- ii. Foreign certificate/ degree holders will need to produce equivalence certificate from IBCC.

### Duration of Program

To be eligible for the award of BS in Environmental Science, the student will have to complete 127 credit hours including six credit hours for research project, within a minimum period of 4 years (8 semester). Failing which a student can be given an extension of two years(4 semester) in minimum, after completion of initial period.

## BS Environmental Science (2.5-Year Program)

### Eligibility Criteria

Students with minimum 50% marks in BSc/ AD/s (with any two of botany, zoology, chemistry, physics, geography, microbiology, biochemistry, food technology, GIS or geology) through annual system are eligible to apply for BS 2.5 Year Program.

### Duration

To be eligible for the award of BS in Environmental Science, the student will have to complete minimum 83 credit hours including six credit hours for research project, within a minimum period of 2.5 years (5 semesters including bridging semester).

| <b>Total</b>  | Rs. 45100/- |

### Mode of Study

#### 6.1 Medium of Instruction

The Medium of Instructions for BS Environmental Science will be English.

## 6.2 Study Material

Reprinted or compiled course books/lecture handouts will be provided by the University. As per AIOU policy.

## 6.3 Mode of Teaching

- b) University will provide face to face teaching to the students.
- d) The schedule of classes and dates of submission of assignments will be handed over along with study material.

### Assessment and Evaluation:

Student progress will be assessed based on the followings:

#### Continuous Assessment

- vii. For each course the marks obtained by each student in written assignments will constitute 2/3 of the continuous assessment. A student must obtain a minimum of 50% marks in assignments to pass this component.
- viii. For each practical based course, the marks obtained in the practical workshop will constitute 1/3 part of the continuous assessment. A student must obtain a minimum of 50% marks in the practical workshop individually in order to pass this component.

## Final Examinations

A written examination will be conducted for each course with 50% passing marks.

- c) Guidelines for Online Application
  - i. Visit AIOU Website: [www.aiou.edu.pk](http://www.aiou.edu.pk)
  - ii. Click on OAS (Online Admission System) for Fresh Admission
  - iii. Click 'Register' & fill details
  - iv. Upon successful registration please click on login
  - v. Fill login details and login to the portal
  - vi. After login click on Step-1 and complete your profile.  
Note: All tabs should be filled before applying for admissions.
  - vii. After completion of Step-1, click on Step-2 then click on "Download Challan" against program (s) you wish to apply.
  - viii. Pay the *admission form fee* as per AIOU prescribed criteria through selected bank branches or online payment methods.
  - ix. After admission fee confirmation, you will be called on through SMS to visit the department for the verification of your credentials.
  - x. After the verification, you will be informed whether you are eligible for the admission in BS Program or not.

## DEPARTMENT OF CHEMISTRY

Department of Chemistry is a major department of the Faculty of Science. It was established in 1998 to offer postgraduate programs in Chemistry. In the beginning only MSc programme was started, which was later extended to include MPhil and PhD programs. The faculty of the department comprises of one Professor, three Associate Professors, four Assistant Professor and three Lecturers. In addition, the department also uses services of experienced professors as visiting faculty.

The department is situated in Science Block on the main campus where it occupies the ground floor and a portion of the lower floor. With the expansion of lab facilities, the department has extended its academic activities by launching the BS programme from Spring, 2009. BS programme is visualized in the new scheme of higher education as a fundamental step in improving the standard of graduate and postgraduate studies.

The study programs in chemistry have been developed by the Faculty according to the guidelines provided by the Higher Education Commission (HEC). Necessary changes have been made time to time to suit our students, but without deviating fundamentally from the principles set by the HEC. The Committee of Courses of the department comprising distinguished professors and scientists of the country thoroughly screened the proposed syllabi.

Chemistry is an experimental science. Students learn basic techniques in the labs. Therefore, it is essential to provide best lab facilities to students of various levels. The chemistry department

takes pride in offering the most modern lab facilities in the country to its students in all branches of chemistry. Its research labs are equipped with CHNS Analyzer, Thermal Analyzer, UV-Visible, Fluorescence and FTIR Spectrophotometer, GC-MS, Flash Column Chromatography and HPLC units, Atomic Absorption Spectrometer, and Electrochemical work stations. Teaching labs are well equipped with routine apparatus and basic instruments. These lab facilities make us one of the leading teaching and research departments of the country. The department firmly believes in the promotion of chemistry as a science and in maintaining the highest standards. The department is in mission to promote chemistry as a science and provide opportunities of professional growth and updating knowledge to chemistry graduates.

## **BS CHEMISTRY**

### **1 Introduction**

There has been a continuous effort at the national level to upgrade the standard of college education. It is realized that our existing BSc programme does not meet international standards. The Higher Education Commission has recommended a four year BS programme to be followed by a two-year MS programme. The BS degree is considered equivalent to MSc Chemistry. However, BS degree holders are given preference for the relevant job over MSc graduates as their knowledge is more focused on Chemistry. It is a major structural change in our existing educational system. The country will enormously benefit from the fruits of this change in terms of improved and balanced knowledge and skill.

The department of Chemistry offers the best facilities for this programme in the country. Its new labs and modern equipment together with qualified faculty makes it place to which students would like to be a part of it.

### **2 Objectives**

The objectives of this programme are:

- i) To provide a nurturing environment that facilitates and stimulate the active and explorative learning of Chemistry for the students.
- ii) To provide chemical knowledge and laboratory skills required for professional chemist.
- iii) To contribute to national effort in human resource development. Currently department of Chemistry is offering following programs.

### **3 BS Chemistry (4-year program)**

#### **3.1 Eligibility Criteria**

- i) FSc (at least 2nd division with 33% marks) with Chemistry as one of the major subject.
- ii) DAE (Diploma Holders) in Chemical Engineering / Chemical Technology from a Polytechnic Institute.
- iii) A-Level with Chemistry or Equivalent.

#### **3.2 Duration of Program**

The minimum duration of BS Chemistry Programme is **four years (8 Semesters)** and maximum duration to complete BS Chemistry Programme is **six Years (12 Semesters)**.

### 3.3 Scheme of Studies

The BS program is minimum of four years duration, split into eight semesters. In the first four semesters, the main emphasis will be on basic chemistry, general and compulsory subjects. In the 5th and 6th semesters, Physical, Inorganic, Organic and Analytical Chemistry will be offered as core courses. The specialized courses will be dealt in the 7<sup>th</sup> and 8<sup>th</sup> semester with specialization in Organic, Inorganic/Analytical and Physical Chemistry.

#### 5 BS Chemistry (2-year program)

##### 5.1 Eligibility Criteria

Associate degree in chemistry with 50% marks and minimum 60 credit hours .

##### 5.2 Duration of Program

The minimum duration of BS Chemistry Program is **2 years (4 Semesters), and maximum** duration to complete BS Chemistry program is 4 years (8 semester)

##### 5.3 Scheme of Studies

The BS programme is minimum of 2.5 years duration, split into five semesters. In the bridging semester, the main emphasis will be on basic chemistry courses with one mathematic course. In the 2nd and 3rd semesters, Physical, Inorganic, Organic and Analytical Chemistry will be offered as core courses. The

specialized courses will be dealt in the 4<sup>th</sup> and 5<sup>th</sup> semester with specialization in Organic, Inorganic/Analytical and Physical Chemistry.

#### SEMESTER WISE COURSE OFFERING

### 6 Mode of Study

#### 6.1 Medium of Instruction

The Medium of Instructions for BS Chemistry will be English.

#### 6.2 Study Material

The Class Teacher will provide the study material as per AIOU policy and will suggest reference books for further reading.

#### 6.3 Mode of Teaching

In this programme, regular classes for all courses / practical work will be conducted at AIOU Main Campus in Face to Face mode. Minimum 70% attendance is required for all subjects as per AIOU rules. AIOU has adopted GPA/CGPA system from Spring Semester 2009 in all its four years Bachelor Degree programs.

#### 6.4 Assessment and Evaluation

Student progress will be assessed based on the followings:

##### **Continuous Assessment**

For each course the marks obtained by each student in written assignments will constitute 2/3 of the continuous assessment. A student must obtain a minimum of 50% marks in assignments to pass this component.

For each practical based course, the marks obtained in the practical workshop will constitute 1/3 part of the continuous assessment. A student must obtain a minimum of 50% marks in the practical workshop individually in order to pass this component.

##### **Final Examinations**

A written examination will be conducted for each course with 50% passing marks.

##### **Method of Assessment for Laboratory Courses.**

Assessment for all laboratory courses will be totally based on continuous assessment, Lab Quiz and Viva-voce as already mentioned, the laboratory courses will be offered in the form of workshops. A specific number of experiments will be conducted in each workshop. Each experiment will be assessed separately, and attendance in these workshops will be compulsory for every student. The minimum required marks to pass each laboratory course will be 50%.

- 7 Guidelines for Online Application Applying/Admission Procedure**
- i. Visit AIOU Website: [www.aiou.edu.pk](http://www.aiou.edu.pk)
  - ii. Click on OAS (Online Admission System) for Fresh Admission
  - iii. Click 'Register' & fill details
  - iv. Upon successful registration please click on login
  - v. Fill login details and login to the portal
  - vi. After login click on Step-1 and complete your profile. Note: All tabs should be filled before applying for admissions.
  - vii. After completion of Step-1, click on Step-2 then click on "Download Challan" against program (s) you wish to apply.
  - viii. Pay the *admission form fee* as per AIOU prescribed criteria through selected bank branches or online payment methods.
  - ix. After admission fee confirmation, you will be called on through SMS to visit the department for the verification of your credentials.
  - x. After the verification, you will be informed whether you are eligible for the admission in BS Program or not.
  - xi. Incomplete forms shall not be entertained.
  - xii. Only selected candidates will be asked to deposit semester after verification of original documents.
  - xiii. The fee should not be submitted before the confirmation of admission.
  - xiv. The deposited fee will not be refundable or adjustable for future admission.

## **DEPARTMENT OF MATHEMATICS**

Our vision is to be among the leading Mathematics departments of the country, which provides quality education in Mathematics and is the center of active and innovative research. The department aspires to promote understanding of Mathematics through teaching and research and inculcate in students the attributes of logical and critical thinking. The Department of Mathematics has been established in June 2014. In June 2014, the Department of Mathematics & Statistics has been bifurcated as two independent departments.

Mathematical life at AIOU is very active. It comprises original investigations, discussions, lectures, and teaching at many levels. We are deeply committed to superior research in mathematics and the scientific excellence of our faculty is well recognized in the mathematical community.

The following degree programs are being offered in the Department of Mathematics. All these programs are approved by Higher Education Commission (HEC), Islamabad.

- i. PhD Mathematics
- ii. MPhil Mathematics
- iii. BS Mathematics

Presently, these degree programs are offered at main campus only. However, in near future, the Department intends to offer these degree programs at main regional headquarters.

The Department provides instructional support to all the faculties of the University in the teaching of courses related to Mathematical sciences. Presently, the Department is offering courses for post-graduate and graduate programs which are carefully designed with a thoughtful selection of courses from applied, pure, financial, and computational domains of mathematics in the light of guidelines provided by the HEC.

The Department offers programs in various specializations which include Pure, Applied, Computational and Financial Mathematics. Academia and students frequently participate in national, regional and international conferences. The research interests of the Department of Mathematical Sciences range from abstract to applied aspects of the discipline. Building on our current strength, our goal is to strengthen areas related to Pure and Applied Mathematics. We believe that it will help students keep pace with the latest trends in mathematics on the one hand and contribute to society at large on the other. A clearer idea of the exact areas engaging the Department's current interest can be formed from the list of the faculty and their individual areas of research.

## **BS MATHEMATICS**

### **1. Introduction**

BS Mathematics has been designed after consulting syllabi of national and international universities. BS

Mathematics program will strengthen the mathematical concepts of the candidate and will enhance their logical thinking. This program caters the needs of information Technology and other sciences disciplines.

To meet the challenging requirements of today's fast growing world, the department of Mathematics has planned to launch BS Mathematics Program. The BS degree is deemed equivalent to MSc Mathematics. BS degree holders are being preferred throughout the world as their knowledge is more focused on Mathematics. Our BS Mathematics program will produce well trained, highly numerate and computer literate graduates.

### **2. Objectives**

After completing this program, students will acquire the necessary knowledge based in the area of Mathematics. The overall objective of this program is

- i. To enhance the qualification of those who could not continue their education after F. Sc. through formal universities.
- ii. To provide an opportunity to in service persons to improve their qualification and get promotion in their respective departments.
- iii. To provide in-depth understanding of Mathematics and apply them in real life projects.
- iv. To produce quality teacher/researchers of Mathematics at all levels.

There are three types of BS-Mathematics program being offered depending upon their eligibility criteria and duration of the program.

### 3. BS Mathematics (4-Year Program)

- **Eligibility Criteria**

Candidate must have at least 33% marks in HSSC (major in Mathematics) or equivalent exams approved/verified by Inter Board Committee of Chairmen (IBCC).

- **Duration of Program**

For the award of BS degree in Mathematics, the student will have to earn a total of 130 credit hours within a minimum period of **4 years (8 semesters)**. The maximum period to complete program is **6 years (12 semesters)**.

#### 4. BS Mathematics (2.5-Year Program)

- **Eligibility Criteria**

Candidate must have at least 50% marks in BSc from any HEC recognized university.

- **Duration of Program**

In order to be eligible for the award of BS in Mathematics, the student will have to earn a total of 131 (50+81) credit hours within a minimum period of 2.5 years (5 semesters). The students would be allowed to continue with BS-Mathematics in 5<sup>th</sup> semester after completing bridging semester which comprises of 18 credit hours of foundation courses. The student will have to earn a total of 81 credit hours= within a minimum period of 2.5 years (5 semesters) and maximum period of 4.5 years (9 semesters)

**5. BS Mathematics (2-Year Program)**

▪ **Eligibility Criteria**

Candidate must have at least 50% marks in Associate Degree in Mathematics (with minimum 60 Credit Hours) from any HEC recognized university. The candidate having Associate Degree (AD) in Mathematics (with minimum 60 credit hours from semester system would be admitted directly in 5<sup>th</sup> semester of BS-Mathematics as per scheme of study.

▪ **Duration of Program**

In order to be eligible for the award of BS in Mathematics, the student will have to earn a total 121 (60+63) credit hours with a minimum period of 2 years (4 Semester) and maximum period of 4 years (8 semester).

6. **Mode of Study**  
**Medium of Instruction**

The Medium of Instructions for BS Mathematics will be English.

▪ **Study Material**

Lecture handouts will be provided by the concerned resource person/department. However, the students are advised to consult the other reference books recommended by the resource person.

▪ **Mode of Teaching**

The classes will be conducted face-to-face in the main campus of AIOU. **Assessment and Evaluation**

Student progress will be assessed based on the followings:

**Continuous Assessment**

For each course the marks obtained by each student in written assignments will constitute 2/3 of the continuous assessment. A student must obtain a minimum of 50% marks in assignments to pass this component.

For each practical based course, the marks obtained in the practical workshop will constitute 1/3 part of the continuous assessment. A student must obtain a minimum of 50% marks in the practical workshop individually in order to pass this component.

**Final Examinations**

A written examination will be conducted for each course with 50% passing marks.

**Note: If a student fails to pass in any of assessment component of a particular course, he / she will have to re-enroll in that course.**

## **7. Guidelines for Online Application**

- i. Visit AIOU Website: [www.aiou.edu.pk](http://www.aiou.edu.pk)
- ii. Click OAS (Online Admission System) for Fresh Admission
- iii. Click 'Register' & fill details
- iv. Upon successful registration please click on login
- v. Fill login details and login to the portal
- vi. After login click on Step-1 and complete your profile.

**Note:** All tabs should be filled before applying for admissions.

- vii. After completion of Step-1, click on Step-2 then click on "Download Challan" against programme (s) you wish to apply.
- viii. Pay the *admission form fee* as per AIOU prescribed criteria through selected bank branches or online payment methods.
- ix. After admission fee confirmation, you will be called through SMS to visit the department for verification of your credentials.
- x. After document verification, you will be informed whether you are eligible for the admission in BS Programme or not.

In case a selected candidate fails to submit fee in time, the department may reserve the right to invite a candidate in waiting list for admission against vacant seat.

## DEPARTMENT OF PHYSICS

Realizing the need of technology and scientific education in Pakistan Department of Physics at AIOU was established in 1998 with technological needs in areas like Energy, Energy Efficiency, Climate, and Energy for Sustainable Development, Renewable Energy, Hydrogen Energy, Environment, Astronomy, Nanotechnology, Materials Science, Plasma Physics, Medical Physics, Cosmology, Geo Physics, Density Functional Theory (DFT), and Nuclear fields. A major emphasis of current research activities is on promotion of renewable energy and related areas in which the Department has led to innovations.

The Department is presently running BS 2-year, BS 2.5-year, BS 4-year, MPhil, and PhD degree programs with specialization in various disciplines. Apart from capacity development, activities Department of Physics has been involved in several international, national, and regional research projects. The Physics Department has developed research linkage with other National and International Universities and research organizations of repute to ensure two-way flow of knowledge.

## BS PHYSICS

### Introduction

The Department of Physics offer 2-year, 2.5-year and 4- year BS Physics degree programs. These programs are designed according to the scheme of studies approved by the Higher Education Commission (HEC) of Pakistan to meet the national and international standards.

It covers all aspects of Physics ranging from its foundations to modern research. The offered courses have a flexible curriculum that is capable of preparing students for advanced studies in Physics as well as careers in teaching and research institutes. The Department encourages the students to participate in research projects and provides them with possible facilities and guidance. In addition, students could participate in the activities of different university societies, attend departmental seminars, workshops and conferences.

### Objectives

The main educational objectives of BS degree programs are:

- i. To impart students with a conceptual understanding of the fundamental principles of Physics, natural laws, and their interpretation, as well as mathematical formulation of the physical phenomena in nature.
- ii. To develop critical skills necessary for solving unknown problems from our physical surroundings.
- iii. To develop the capability of analyzing, addressing, and posing solutions to problems of natural importance and to instill a deep appreciation of the need for optimum utilization of natural resources and environment.
- iv. To instill in students the habit of independent thinking, deep inquiry, and motivation for self-education.
- v. To sharpen our students' mathematical prowess making them capable of modeling, analyzing, and predicting the behavior of physical processes.

- vi. To enhance our students' skills in scientific communication and the ability to clearly present Physics and science in simple and clear language.
- vii. To introduce students with the spirit of working in interactive groups with the necessary requirements of scientific and professional ethics.
- viii. To develop hands-on experience in different laboratory techniques and modern instrumentation.
- ix. To enhance students' competence in the design and conduct of experiments as well as analysis and presentation of experimental data and results.
- x. To provide an in-depth understanding of some specialized areas of Physics through the option of elective courses.
- xi. To equip students with the necessary skill set for pursuing careers in Physics education, research and industry in government or private organizations.

### BS Physics (4-year)

#### 3.1. Eligibility Criteria

FSc. (Pre-Engineering/Pre-Medical), ICS (Physics, Mathematics combination) / DAE with minimum 33% marks or 2<sup>nd</sup> division.

#### 3.2. Duration of Program

The minimum duration of BS Physics Program is **four years (8 Semesters)** and maximum duration to complete BS Physics Program is **six years (12 semesters)**.

**The fee structure for remaining semesters will be provided in due course of time.**

#### **6. Mode of Study**

##### **6.1 Medium of Instruction**

The Medium of Instructions for BS Physics will be English.

##### **6.2 Study Material**

The Department will provide course books

##### **6.3 Mode of Teaching**

- d) University will provide opportunities face to face teaching to the students.
- e) The schedule of classes and dates of submission of assignments/tests/quizzes/presentations will be announced by the department.

##### **6.4 Assessment and Evaluation**

For each course the student's progress will be assessed based on the following:

##### **6.4.1 Continuous Assessment**

Student performance is evaluated / assessed as under:

Class assignment through quiz/sessional test/assignment weightage = 20%

The pass percentage in quiz/sessional test/assignment will be 50%. Laboratory courses will purely be evaluated based on continuous assessment. 70% of attendance for all Theory Courses and 80% for laboratory courses is compulsory.

Weightage of attendance for theory courses = 10%

#### 6.4.2 Final Examinations

Final Paper weightage = 70%

A written examination will be conducted for each course with 50% passing marks.

**Note: If a student fails to pass in any of assessment component of a particular course, he / she will have to re-enroll in that course**

### 7 Guidelines for Online Application

- i. Visit AIOU Website: [www.aiou.edu.pk](http://www.aiou.edu.pk)
- ii. Click OAS (Online Admission System) for Fresh Admission
- iii. Click 'Register' & fill details
- iv. Upon successful registration please click on login
- v. Fill login details and login to the portal
- vi. After login click on Step-1 and complete your profile.

**Note:** All tabs should be filled before applying for admissions.

- vii. After completion of Step-1, click on Step-2 then click on "Download Challan" against program (s) you wish to apply.
- viii. Pay the *admission form fee* as per AIOU prescribed criteria through selected bank branches or online payment methods.
- ix. After admission fee confirmation, you will be called through SMS to visit the department for verification of your credentials.
- x. After document verification, you will be informed whether you are eligible for the admission in BS Program or not.

In case a selected candidate fails to submit fee in time, the department may reserve the right to invite a candidate in waiting list for admission against vacant seat.

## DEPARTMENT OF STATISTICS

The Department of Statistics was established in 1988 in the faculty of Sciences, Allama Iqbal Open University. Since then, the faculty and students have shared a common goal of maturing the Department with sheer hard work and constant struggle. Statistical sciences have a significant impact on our lives and are a key to discoveries and innovation. Over time, with concerted efforts, the Department has grown to its full potential and is vigorously involved in participating in global efforts to drive a new era of growth, development, and productivity. Since, our world is becoming more quantitative and data focused, job opportunities in statistics are plentiful and projected to increase worldwide. Therefore, the alumni of the department of statistics have been working in various government departments and private sector.

The vision of the Department is to impart quality education that focuses on collaborative learning through innovative teaching and research methodologies. It aims to create an environment that enables students to effectively engage in making lasting contributions in diverse fields according to rapidly changing demands of not only the home country but the entire globe. The Department is determined to further develop a state-of-the-art model of learning and research, which will benefit the masses across the board.

The following degree programs are being offered in the Department of Statistics. All these programs are approved by the Higher Education Commission, Islamabad.

- PhD Statistics
- MPhil Statistics
- BS (4- years, 2.5 -year & 2 -year) Statistics

All the courses and contents of these programs are designed to meet the challenging statistical needs in life sciences, information technology, social sciences, and other allied disciplines. The course outlines of all level courses have been designed and updated recently after consulting the syllabi of national and international universities. It helps to strengthen the statistical concepts and logical thinking among our students.

Presently, these degree programs are offered at the main campus only. However, soon the Department also intends to offer these degree programs at the main regional headquarters.

## **BS STATISTICS PROGRAM**

### **1. Introduction**

With the passage of time in the new era of globalization, significant changes have been made in almost all walks of life to keep in pace with the growing world. Among many other fields, improvement in the existing education system has become the topmost priority of many nations across the globe. Therefore, it is the need for time to modify our current education system to meet international standards. Having a vision of brighter future with compatible educated youth, the Department of Statistics is launching BS Statistics program from spring 2017. The BS Statistics would be sixteen years education equivalent to MSc Statistics and fulfilling the international standards of graduate degree.

### **2. Objectives**

- To enhance and up gradation of qualification of those potential candidates who have/do not have sufficient resources to continue their studies after intermediate.
- To enable the students to get a better insight regarding in-depth knowledge of Statistics.
- To produce quality teachers/ researchers of Statistics at all levels.
- To prepare well trained and skilled graduates to cater the future needs in the field of Statistics.
- To produce young and energetic minds in the field of Statistics to promote innovative research and critical thinking.

### **3. BS Statistics (4-Year Program)**

#### **3.1 Eligibility Criteria**

Candidate must have at least 2<sup>nd</sup> division or 33% marks in HSSC or equivalent exams approved/verified by Inter Board Committee of Chairmen (IBCC).

#### **3.2 Duration of the Programme**

For the award of BS Statistics degree, the student will have to qualify the 130 credit hours consisting 44 courses withing a minimum period of eight semesters (4 years) and maximum period of 12 semesters (6 years)

#### **Access to B.Sc./AD students in BS 4 years Statistics program (5<sup>th</sup> Semester)**

The bridging semester is offered for B.Sc/ADS (14 years of education) students, so that they may be able to join the 5<sup>th</sup>

semester of BS Statistics programme after completing the bridging semester comprising (18 credit hours) of foundation courses.

**Eligibility Criteria (for BSc/ADS Students only)**

B.A/B.Sc/ADS degree with 50% marks or 2<sup>nd</sup> division.

**Scheme of Studies**

The full programme of BS Statistics comprises eight semesters. The all courses are compulsory to qualify for the award of BS Statistics degree. The semester wise course offering is as under.

| 9424                           | Rs.6600/-  |
| Lab fee (per semester)         | Rs.850/-   |
| Total Semester Fee             | Rs.40450/- |

The fee structure for remaining semesters will be provided in due course of time.

## 6. Mode of Study

### 6.1 Medium of Instruction

For each course, there would be 48 hours face to face teaching support to the students. Three-hour class/week for (3+0) credit hour course for a semester of sixteen weeks. The distribution of the lectures will be provided to the students in classes/workshop by consultation with the teachers/resource persons. The classes will be supplemented by computers where required. Over all 70%, attendance would be compulsory to appear in sessional tests and final examinations.

### 6.2 Study Material

Books (soft copies) will be provided to the students, along with the list of recommended books for further reading. Two assignments for each course will be given. Mode of Teaching: For each course, 45 hours face to face teaching at the main campus Islamabad will be required. In this regard, classes will be arranged by the Department at AIOU main campus Islamabad. The schedule of the lectures will be distributed to students at the start of classes during each semester at AIOU, Islamabad. A minimum of 70% attendance is necessary in all subjects as per AIOU rules.

### 6.3 Mode of Teaching

For each three credit Hour course, there would be 48 hours face to face teaching support to the students.

#### 6.3.1 Assessment and Evaluation

##### a. Continuous Assessment

Classes/Workshops Schedule:

The classes/workshops will be arranged at Main Campus, AIOU, Islamabad only. However, the schedule is prepared according to the availability of qualified faculties and convenience of the students.

Continuous Assessment:

- Two home-assignments for each course will be given to the students.
- Two sessional exams assignments (as a continuous 30% weightage of the aggregate marks will be given to the sessional tests.

#### **b. Final Examination**

Final Examination will be held at Main Campus, AIOU, Islamabad at the end of each semester. 70% weightage of the aggregate marks will be given to the final exam. Minimum Passing Marks.

**Note:** The student must qualify each component of a course separately.

#### **7. Guidelines for online Application**

- Visit AIOU Website [www.aiou.edu.pk](http://www.aiou.edu.pk)
- Click on OAS (Online Admission. System) for Fresh Admission.
- Click 'Register' & fill details.
- Upon successful registration please click on login.
- Fill login details and login to the portal
- After login click on Step-1 and complete your profile.  
**Note:** All tabs should be filled in before applying for admissions.

- After completion of Step-1, click on Step-2 then click on "Download Challan" against program (s) you wish to apply.
- Pay the *admission form fee* as per AIOU prescribed criteria through selected bank branches or online payment methods.
- After admission fee confirmation, you will be called on through SMS to visit the department for the verification of your credentials.
- After the verification, you will be informed whether you are eligible for the admission in BS Program or not.

**Note:** Please use your own mobile no. in login so that you receive the SMS from university and updates throughout 4 years.

## DEPARTMENT OF COMPUTER SCIENCE

The Department of Computer Science (DCS) was established in the year 2000. The Department has received recognition nationwide due to its quality education. The department had developed curricula of the academic programs at various levels to meet the national and international standards as defined by Higher Education Commission. The curricula include Ph. D (computer Science), MS (Computer Science), BS (Computer Science) and Postgraduate Diploma (PGD) in Computer Science. The department is equipped with computing facilities and services including a digital class room and multimedia courseware development lab. The department has its own library in addition to central library of the university. The Department of Computer Science practices the multi-method teaching methodology i.e. face-to-face regular classes for BS (Computer Science) and MS (Computer Science). The online methodology is practiced for PGD (Computer Science) and Foreign Language (French). The facilities of Video/Teleconferencing are also in use for lectures/consultations in research-oriented degree of MS/PhD (Computer Science). In addition, the department also has a flavor of distance teaching in selected courses of BS (Computer Science) program like English, Pakistan Studies, and Islamic Studies etc. Besides graduate and undergraduate teaching, the department is actively involved in research and development. For this purpose, Multimedia Centre and Open Learning Institute of Virtual Education (OLIVE) have been established under the umbrella of the department. The Multimedia center is equipped with technology related to Audio/Video production. It has successfully developed multimedia courseware for more than 20 courses,

whereas OLIVE provided a framework for electronic delivery of these courses in online mode. In addition to research activities in the area of software engineering communication, networking, and multimedia, the department focuses on the eLearning research in instruction design, communication, course management, e-assessment, mobile learning and web technologies integration. The University has also developed linkages with San Jose' State University (SJSU) USA and Kent State University, USA. KSU is located in the heart of Silicon Valley and Kent State has strong education college with Technology Research Centers.

The principal aim of the Department of Computer Science is to produce graduates with a professional education and to undertake quality research in Computer Science and Related Information Technology areas. The specific objectives are to:

- i. Maintain an excellent reputation and professional accreditation for its taught degree programs.
- ii. Disseminate an appreciation of the current state and future directions of technological advances in the areas of Computer Science, Information Technology and e-learning.
- iii. Equip students with computer science knowledge and skills so as to cope with the social, economic, scientific, and technological challenges of the world outside.
- iv. Develop platform and systems for e-learning/mechanism for electronic delivery of courses to increase outreach to rural and remote areas.

- v. Conduct research in areas of e-learning, multimedia instructional design, web-based education, mobile learning and related areas in software engineering, information technology, and computer science.
- vi. Assist other departments and individuals to implement modern ICT in educational delivery.
- vii. Provide a leadership support in ICT based education in Pakistan.

## **BS COMPUTER SCIENCE (4-YEAR PROGRAM)**

### **1. Introduction**

The BS (CS) program is offered by the Department of Computer Science, AIOU. It is a four- years degree program, covering the recent trends in hardware, software and communication technologies. The program provides an understanding of the field through concepts, theory and techniques. The curriculum of the program has been developed and regularly updated to meet the national, international, social and economic needs. The curriculum revision is normally based on need of fast changing disciplines, emerging technologies and international standards. The structure and other details of the program are confined to HEC with focus on ACM and IEEE-CS recent development.

### **2. Objectives**

The objectives of the program are to:

- i. Develop professionals in the field of computer science.
- ii. Provide high quality education at low cost.

- iii. Provide knowledge to individuals seeking computer skills to increase their job opportunities in their current careers or to pursue new careers.
- iv. Learn in-depth knowledge of computer languages, software engineering, computer architecture, large-scale system software and multimedia in the design.
- v. Provide sufficient conceptual and skill based know how so that successful graduates could initiate IT career in industry and academia.

### 3. Eligibility

The minimum requirements for admission in a Bachelor degree program in Computer Science is at least 50% marks in Intermediate (HSSC) examination with mathematics or equivalent qualification with mathematics certified by IBCC.

### 4. Duration of Program

- i. The BS (CS) is 133 credit hours' program and may be completed in minimum four years (eight semesters).
- ii. Two semesters are offered in a year as Spring and Autumn.
- iii. Duration of each semester is 16 weeks.
- iv. The maximum time limit to complete the BS (CS) Program is Six Years from the date of first registration of the student in this program.

## 7. Mode of Study

### 7.1 Medium of Instruction

The medium of instruction for BS (CS) Program is English.

### 7.2 Study Material

The class teacher will provide the study material. However, the students are advised to consult books from the list of recommended books.

### 7.3 Mode of Teaching

- The BS (CS) program is a merit-based program which is offered in Face-to-Face Mode.
- The Department of Computer Science is offering BS (CS) Program at Main Campus, Islamabad.
- The BS (CS) Program is also being offered at selected Regional Centers of AIOU by using modern technologies. Under this program, the course work will be conducted through video-conferencing/internet. Distance Education will be delivered by faculty members from Department of Computer Science, Main Campus. A local faculty member/staff will be provided

to assist in administrative and lab assignments. All assessments will be performed as per rules of the University.

## 7.4 Assessment and Evaluation

**Note:** The 70% percent attendance is mandatory in each course.

## 8. Guidelines for Online Applications

- Visit AIOU Website: <https://aiou.edu.pk/>
- Click on “Admission (OAS)”
- Click on “Application for New Admission”
- Click 'Register' & fill details
- Upon successful registration please click on login
- Fill login details and login to the portal
- After login click on Step-1 and complete your profile.  
**Note:** All tabs should be filled before applying for admissions.
- After completion of Step-1, click on Step-2 then click on "Download Challan" against program (s) you wish to apply.
- Pay the *admission form fee* as per AIOU prescribed criteria through selected bank branches or online payment methods.

- x. After admission fee confirmation, you will be called on through SMS to visit the department for the verification of your credentials.
- xi. After the verification, you will be informed whether you are eligible for the admission in BS (CS) or not.

### **Selection Criteria**

- i. Once your eligibility is confirmed by the Computer Science Department, you can select your first semester courses from the online portal.
- ii. After selection of first semester courses, a fee challan will be generated by the system.
- iii. You will pay the requisite fee as per AIOU prescribed criteria through selected bank branches or online payment methods.
- iv. After fee verification by the concerned AIOU department, your admission will be confirmed.
- v. You can check the status of your application at any stage through your account from AIOU portal, i.e. <https://aiou.edu.pk/>

## **BS AGRICULTURAL TECHNOLOGY (4-Year Program)**

### **4. Introduction**

The BS Agricultural Technology (4-year program) will provide a solid foundation to the students in agricultural business practices, and expanding their career options in agro-based industries. It could be a first core initiative in securing a advanced level degree in the field of Agri-Tech.

The degree program of BS Agricultural Technology will acquire popularity for two reasons. First, the challenges to current agriculture production system can be eliminated by adopting the new and advanced farm technologies and innovative post-harvest strategies, and this degree program will develop required capacity in students. Second, the food sovereignty in the country needs skillful manpower that can apply the decision tools in developing site-specific production technology of different crops, managing stressful environment effectively, and promoting climate smart approaches in the country.

Department of Agricultural Sciences is very confident that graduates produced under the curriculum of BS Agricultural Technology will become competitive professionals to run their own agro-based industries, provide technical skills to the progressive and small holdings farmers, generate awareness among common farmers regarding value addition in agricultural produces. At completion of this degree program, the students will have enough knowledge and skills that will help them to develop site-specific production technologies for the farmers by using ICT-based crop models and soft wares.

This program will develop the capacity of students to work out for on-farm climate smart practices which will ensure agricultural resilience and higher farm productivity.

## 5. Objectives

The main objectives of BS Agricultural Technology are:

- i. To generate, integrate, and apply knowledge to individuals for promoting sound agricultural technologies in order to empower farmer and other clientele imbed with increased knowledge and productivity
- ii. To enable graduates in understanding and applying the concepts of agricultural productivity and sustainability in the conduct of national, regional and global developments
- iii. To skill development of students for innovate practices that will enhance productivity and environmental sustainability
- iv. To prepare for a career in technical management, biotechnology and agricultural industries through the study of agricultural and biological sciences, engineering systems and business.

## 6. Eligibility Criteria

The candidates having both F.Sc pre-medical & pre-engineering and equivalent with at least 33% marks from national and international recognized institutions will be eligible to apply. Foreign certificate/degree holders will

need to provide an equivalence certificate from IBCC to seeking admission in BS Agricultural Technology

## 7. Duration of Program

The minimum duration of degree program in BS Agricultural Technology will be four years, while the maximum time limit will be six years from the date of first registration of the student in the program.

| Fee of 1 <sup>st</sup> semester (Rs. 2200 per credit hour)  | Rs. 37400/-    |
| <b>Total</b>  | <b>42350/-</b> |

The fee structure for remaining semesters will be provided in due course of time.

### 10. Mode of Study

#### 7.1 Medium of Instructions:

The medium of instructions & examinations will be in English.

**7.2 Study Material:** Class lectures and other reading materials will be provided by the course instructor. In addition, the student will be advised to consult other reference books for further readings.

### 7.3 Mode of Teaching

University will provide face to face teaching to the students. The schedule of classes and dates of submission of assignments will be announced by the department.

### 7.4 Assessment and Evaluation

For each course the student progress will be assessed on the basis of the followings:

#### 7.4.1 Continuous Assessment

- For each discipline specific face to face course the marks obtained by each student in written assignments will constitute 2/3 of the continuous assessment. A student has to obtain a minimum of 50% marks in assignments in order to pass this component.
- For each practical based course, the marks obtained in the practical workshop will constitute 1/3 part of the continuous assessment. A student has to obtain a minimum of 50% marks in the practical workshop individually in order to pass this component.

#### 7.4.2 Final Examinations

Written examination will be conducted for each course with 50% passing marks.

#### 7.4.3 Internship

The farmers/farm managers/Director will evaluate the practical work done by the student. An expert committee to be appointed by Chairman of the department will also evaluate the students' participation at the farms and at the universities/organizations. The committee will also evaluate and grade/mark the report and seminar. The seminar/presentation delivered for internship will be

mandatory. The following criteria will be applied for evaluation of internship

| Component                                    | Weight (%) |
|--|------------|
| Evaluation by farmers/farm managers/Director | 20         |
| Report & presentation                        | 30         |
| Written exam                                 | 25         |
| Viva Voce                                    | 25         |

*Note: Minimum 70% attendance is mandatory as per AIOU rules. A student must secure minimum 50% marks in each component to pass out a particular subject.*

#### 11. Guideline for Online Application

Students can apply for BS Agricultural Technology by follow the below steps;

- i. Visit: [www.aiou.edu.pk](http://www.aiou.edu.pk)
- ii. Click on OAS (Online Admission System) for Fresh Admission
- iii. Click 'Register' & fill details
- iv. Upon successful registration please click on login
- v. Fill login details and login to the portal
- vi. After login click on Step-1 and complete your profile. Note: All tabs should be filled before applying for admissions.
- vii. After completion of Step-1, click on Step-2 then click on "Download Challan" against program (s) you wish to apply.

- viii. Pay the *admission form fee* as per AIOU prescribed criteria through selected bank branches or online payment methods.
- ix. After admission fee confirmation, you will be called on through SMS to visit the department for the verification of your credentials.
- x. After the verification, you will be informed whether you are eligible for the admission in BS Program or not.
