## Vice Chancellor's Message

Dear Student,

السلام عليكم

It gives me great pleasure to extend my heartiest welcome to you to be a student of Allama Iqbal Open University, Islamabad.

Allama Iqbal Open University was established in 1974 under an Act of Parliament with a mission of taking education to the door steps of people in all nooks and corners of the country. It was the second open university of the world and the first of its kind in Asia and Africa. AIOU is a unique institution in Pakistan because of its philosophy, system, approach, functions and overall Structure. The University, with its main campus at Islamabad and huge network of regional centers spread all over the country, is serving its clientele all over Pakistan and in the Middle East. The university is planning to launch its programmes all over the world very soon. As a distance Education institution, AIOU provides multi-disciplinary education from basic to doctoral level programmes.

Allama Iqbal Open University provides quality education at the doorsteps of the students irrespective of geographical area, class, gender or creed with an affordable cost. It does not require leaving jobs or countries of residence. AIOU is equipped with modern communication technology to facilitate and support its students all over the world.

Allama Iqbal Open University is now the largest University in the country with more than 1200 courses and about 1.2 millions students. AIOU also supplements the efforts of the federal and provincial governments on a large scale without becoming a burden to their resources.

The university has established study centers across the country, where students are provided necessary guidance. A science complex has been built where science students use the latest equipment of international standard for experiments and research. AIOU also takes full advantage of the modern ICTs to enhance quality and access to education. Internet facility is available in the student's hostel and the Central Library where computers have been provided to enable students to access latest information available through open source databases. AIOU also provides educational facilities to its vast number of students through Television, Radio, Video Conferencing and Online in addition to providing printed learning materials. The university follows the guidelines of the Higher Education Commission to provide accredited education to masses.

I wish a very bright future for all of you and hope you would prefer AIOU for your future education and career development.

**(Prof. Dr. Shahid Siddiqui)**  
**Vice Chancellor**

## **2. ALLAMA IQBAL OPEN UNIVERSITY**

Allama Iqbal Open University, a Mega university was established in 1974 under an Act of Parliament. The main campus of the university is situated in sector H-8, Islamabad. It was the second open university of the world and the first of its kind in Asia and Africa. The aim of establishing AIOU was to provide affordable and accessible education through distance learning at the door-steps to those people who could not continue their education journey through formal system of education. The University (AIOU) operates on semester system and admits students in Autumn and Spring semesters. Under graduate admissions are offered in both the semesters where-as post graduates are offered once a year. The enrolled students are given course books specially prepared by the university on self instructional principles. However at post graduate level reprints of foreign books, allied material with university prepared study guides help students to polish their skills.

At present, the AIOU is offering programmes from Matric to PhD level in diverse disciplines comprises of four faculties. The university has established study centres across the country, where distance education students are

provided necessary guidance by their respective tutors. Moreover, the university has established full time study centres, wherein the students of MCom, MBA (IT), MBA (Banking and Finance), BS (CS), etc. are being provided instruction, guidance and counselling through face-to-face education. AIOU is offering four year under graduate degrees.

Apart from curricular and extra-curricular activities during the academic year, the AIOU and its regional centres actively participate in the co-curricular activities by arranging educational and literary seminars, workshops and conferences, attended not only by the students and faculties of the university but also by the renowned dignitaries and scholars. For the science students and research scholars, a science complex has been built where they use the latest equipment of international standard for experiments and research. To meet the present day challenges internet facility is also available in the student's hostel and the Central Library where computers have been provided to enable students to access latest information available through open source databases.

## FACULTY OF SCIENCES

Faculty of Sciences forms an important integral part of the university. Since its establishment in 1982 with five teaching departments, it has undergone major development changes. It now comprises of nine teaching and research departments which are offering courses at the undergraduate and postgraduate levels to more than ten thousand students. The Faculty operates under the basic guidelines of the University Act and on “Education for All as Convenient” basis so that maximum students get benefit from its academic programmes and educational facilities. This principle has necessitated some structural changes in the non-formal mode, particularly at the postgraduate level, in the offering of theory courses and practical lab work. This conceptual adjustment has been quite successful and many in-service students are benefiting from postgraduate study programmes. Improvement in qualification for a better life is a right of everyone and the faculty’s programmes meet this challenge by offering opportunities to all. In particular a significant number of beneficiaries are those who cannot afford education in formal institutions due to a variety of reasons.

Realizing the importance of science education and the growing need of the Faculty of Sciences, the university has completed a building, the Research Complex, at a cost of Rs.35 million. The Research Complex now accommodates departments of Agricultural Sciences, Biology, Chemistry, Home & Health Sciences and Physics whereas other departments of Science Faculty are located in Block 6 & 7. These departments are running a variety of postgraduate technical, scientific and professional programmes successfully. The Research Complex has also a computer lab with internet and on-line library facility for literature survey, seminar room, lecture hall and a library. In addition, there

are many labs for practical work, teaching, research and instrumentation labs for analysis. The university is developing these labs through its own resources. The Faculty of Sciences is thankful to the vice-chancellor, for giving personal attention to the development of the Faculty of Sciences by providing generous amount of funds and valuable guidance.

Two model labs have also been developed in the Research Complex, with the assistance of the Higher Education Commission to meet the training needs of science teachers. This development is significant since under the new educational policy four-year BS programme has started in undergraduate educational institutions.

More than fifty highly qualified full-time faculty members are on the roll of the Faculty of Sciences. Their role in the planning, designing and development of different courses, to meet students’ needs is vital. Faculty members also engage in imparting and supervising of instructions so that high standards are maintained. In addition highly qualified and experienced professors are also engaged on contract or as part time instructors, for postgraduate study programmes. The University faculty is also offering academic positions under tenure track system to attract the best minds in scientific and technological fields, as a full time employee of the university.

Research is an integral part of postgraduate study programmes leading to MSc, MPhil, and PhD degrees in Agricultural Sciences, Chemistry, Computer Sciences, Home and Health Sciences, Mathematics & Statistics and Physics. Rules and regulations for governing the postgraduate study programmes are those approved by the Higher Education Commission (HEC).

For MS and MPhil degree, 24 credit hours of course work and a minimum of one year of research work in a specialized area of the disciplines is required. A candidate for PhD degree has to take additional 18 credit hours of specialized courses in the field of research. The dissertation will comprise original research on a topic in the discipline and shall be evaluated by three foreign referees, who are expert in the field. At least one publication in international journal is also necessary before the degree is awarded.

The faculty has launched the four year BS programme in sciences (Chemistry, Microbiology) comprising 124–140 credits. This four-year BS programme is structured according to the recent policies of the Higher Education Commission for the improvement of standard of education to bring it at par with the international standards.

Under the dynamic and visionary leadership of the new Vice Chancellor Prof. Dr. Shahid Siddiqui, the faculty has already initiated many new PhD, MPhil, MSc and BS programmes, which will be launched in 2015-2016. Research is the basic emphasis of the new leadership and the faculty has been strengthened by the induction of additional faculty members and providing truly academic atmosphere in campus. Moreover Matric-tech. programme has been initiated for the benefit of the masses.

## **DEPARTMENT OF CHEMISTRY**

The department of chemistry was established in March 1998. Its faculty consists of one professor, one associate professor, four assistant professors and three lecturers. The department has most modern equipments/ instrumentation in its teaching and research

labs in the Science Block at AIOU main campus. These equipments/instrumentation include CHNS Analyzer, Thermal Analyzer, UV-Visible, Fluorescence and FTIR Spectrophotometers, GC-MS, HPLC, Atomic Absorption spectrometer and Electrochemical System etc.

The department has developed all the courses for undergraduate, graduate, postgraduate and PhD level in accordance with the guideline provided by the Higher Education Commission (HEC). These courses are reviewed from time to time through Committee of Courses to incorporate emerging modern trends in the subject. The Committee of Courses of the department has distinguished Professors and Scientists of the country as members besides departmental faculty. Department has also signed MOU with university of Rostock, Germany. By this MOU, our PhD students get opportunity to do research work in Germany. Moreover department has also signed MOU with University of Kebangsaan Malaysia. This collaboration will be very useful for our MPhil and PhD students.

At present, department of chemistry is offering and coordinating the following programmes:

1. Chemistry Courses for FSc Students
2. BS Chemistry
3. MSc Chemistry
4. MPhil Chemistry
5. PhD Chemistry

In Autumn 2017 semester, department is offering MPhil & PhD programmes.

## MPhil and PhD (Chemistry)

### 1. Introduction

The Department of Chemistry is offering MPhil and PhD programmes. Currently specialization is being offered in the field of Organic Chemistry. Later on, the specializations in other branches of Chemistry will be offered.

### 2. Objectives

The aim of this programme is to provide an opportunity to the in-service personnels to get specialized in the field of chemistry and to improve the qualification of those who could not continue their education through formal system. Maintaining the high standards of teaching and research, the department also wants to attract fresh students. The main objective is to uplift the standard of education and research specially in the field of chemistry in the country.

### 3. Target Groups

MPhil and PhD Chemistry programmes are particularly designed for the following:

- i. College teachers who want to improve their qualification.
- ii. Scientists working in different laboratories and research organizations desirous of improving their knowledge and qualification.
- iii. Fresh students having special aptitude for research.

### 4. Eligibility

#### (a) MPhil Chemistry

A person holding MSc degree (at least 2<sup>nd</sup> division) in Chemistry is eligible to apply for admission in MPhil Programme. Admission

will be entirely on merit and restricted to the number of seats available. The Department will conduct written test for admission.

#### (b) PhD Chemistry

Candidates holding MS/MPhil or equivalent in Chemistry with CGPA 3.0 (or 60% marks) are eligible to apply for PhD Programme. The Department will conduct written test for admission.

### 5. Admission Procedure

- i. The Prescribed Admission Form (duly filled) alongwith the attested copies of required documents be sent to Chairperson, Department of Chemistry.
- ii. Test and interview of the eligible candidates will be conducted by the Departmental Admission Committee and the merit will be determined on the basis of qualification, research, professional experience, test and interview, etc.
- iii. Selected candidates will be informed by the Directorate of Admission with the directions to deposit fee according to the schedule.

Since admission in MPhil and PhD programmes is strictly on merit, only selected candidates will be informed and asked to deposit the prescribed fee. **The fee should NOT be submitted before the confirmation of your admission.** In case of admission, if a candidate fails to deposit fee within prescribed period, it would be assumed that the student is not interested in getting admission. The department may invite a candidate in waiting list for admission against the vacant seat.

For clarification about academic matters please contact on the phone numbers given below:

## 6. Scheme of Studies

### Scheme of Studies for MPhil Chemistry

- i. A student will have to complete total of 24 credit hours of course work in the first and second semesters.
- ii. In the third & fourth semesters, students are required to complete research work and thesis as per AIOU rules.
- iii. The minimum period to complete research thesis shall be two semesters.
- iv. The maximum period for the completion of MPhil Degree programme is five years (ten semesters) only.

### Scheme of Studies for PhD Chemistry

- i. Initially, the student is required to complete 18 credit hours of PhD course work. After this period, he/she has to pass comprehensive Examination.
- ii. Besides completion of PhD course work and other requirements, a candidate has to complete research work and thesis as per AIOU rules.
- iii. For PhD, the student has to complete all other formalities, prescribed by the Higher Education Commission.

## Course Outlines (Semester I / II)

### Organic Synthesis (1751)

One and two group C-X disconnections. Concept of donor and acceptor synthons. One and two group C-C disconnections and 1,2; 1,3; 1,4; 1,5; and 1,6 difunctionalized compounds. Synthesis of ring compounds. Synthesis of aromatic compounds. Aromatic heterocycles. Advanced reaction strategies.

### Advanced Stereochemistry (1752)

Structure and symmetry. Configuration of cyclic molecules. Actual shape of six-membered rings. Stereochemistry and conformational analysis of substituted cyclohexanes, stereochemistry and conformational effects in small, common and medium rings, effect of heteroatoms on conformational equilibria. Fused rings, bicyclic and polycyclic rings systems, bridged rings. Determination of enantiomer and diastereomer composition by NMR, chromatographic, kinetic and isotope dilution methods.

### Natural Products (1753)

Terpenoids, Alkaloids, Phenolics, Fatty Acids and their derivatives, Carbohydrates, Amino Acids and Peptides, Nucleosides, Nucleotides and Polynucleotides.

### Reactive Intermediates in Organic Chemistry (1754)

Structure, stability, generation, reactions and detection of carbocations, carbanions radicals, carbenes, benzyne and related intermediates. Intermediates in oxidation reactions.

### Organometallic Chemistry (1755)

Nature of bonding,  $\sigma$  and  $\pi$  complexes. Preparation of organometallic compounds. Application of organometallic compounds in organic chemistry for hydrogenation, isomerization, hydrosilylation, polymerization, hydroformylation, cyclisation, carboxylation, carbonylation, olefin metathesis, hydrocyanation etc.

### Structure Elucidation of Organic Compounds by Spectroscopy (1759)

Ultraviolet Spectroscopy, Infrared Spectroscopy, Nuclear Magnetic Resonance Spectroscopy, Mass Spectrometry and their applications. Joint applications of UV, IR, NMR and MS for structure elucidation.

### Organic Polymer Chemistry (1761)

Introduction to science of polymers. Steps Reaction (Condensation) Polymerization. Radical Chain (Addition) Polymerization. Ionic and Coordination Chain (Addition) Polymerization Copolymerization and polymerization conditions. Characterization of polymers. Measuring of molecular weight and size. Analysis and testing of polymers. Structure and properties of Crystalline Polymers.

### Chemistry of Primary Metabolites (1763)

Amino Acids. Proteins. Purines and Pyrimidines. Deoxyribonucleic Acids. Ribonucleic Acids. Enzymatic Catalysis. Chemistry of Vitamins. Chemistry of Carbohydrates. Biochemical and analytical techniques.

### Medicinal Chemistry (1700)

Physicochemical properties in relation to biological actions. Metabolic changes of drugs and related organic compounds. Antimalarials. Antibacterial antibiotics. Antineoplastic agents. Central nervous system depressants.

### Plastic Materials (1770)

Introduction to plastic material. Micro and Macro viewpoint in plastics. Thermoplastic materials. Thermoset materials. Composite materials. Additives and their role in plastics. Degradation and the environment. Processing of plastic materials.

**NMR Spectroscopy (1745)**

Introduction to Nuclear Magnetic Resonance – (NMR), The NMR Spectrometer, Factors Influencing Chemical Shifts, Correlating Proton Chemical Shifts with Molecular Structure, Spin – Spin Coupling and Spin – Spin Splitting, Specialized Techniques in <sup>1</sup>H-NMR Spectroscopy, Dynamic NMR, Carbon – 13 NMR Spectroscopy, Correlating Carbon – 13 Chemical Shifts with Molecular Structure.

**Advanced Heterocyclic Chemistry (1746)**

Structures and Spectroscopic Properties of Aromatic Heterocycles, Chemistry of Nitrogen Containing Heterocyclic Compounds, Chemistry of Sulphur, Containing Heterocyclic Compounds, Chemistry of Oxygen Containing Heterocycles, Chemistry of Fused Ring Heterocyclic Compounds I, Chemistry of Fused Ring Heterocyclic Compounds II, Heterocycles Containing more than One Heteroatom, Heterocycles Containing more than Two Heteroatoms, Chemistry of Saturated and Partially Unsaturated Heterocyclic Compounds.

**Theoretical Background of Organic Lab Techniques (1772)**

Distillation, Crystallization, Chromatography I, Chromatography II, Statistical Treatment of Data, Extraction, Organic Reagents, Working with Laboratory Equipment, Disposal of Waste and Recycling.

**Organic Spectroscopy (1773)**

UV / Visible Spectroscopy Part I, UV / Visible Spectroscopy Part II, UV / Visible Spectroscopy Part III, Infrared Spectroscopy, Infrared and Raman Spectroscopy, Mass Spectrometry I, Mass Spectrometry II, Mass Spectrometry III, Mass Spectrometry IV.

**Homogenous Catalysis (1774)**

Introduction, Basic Chemical Concepts, Alkene Based Homogenous Reactions, Carbonylation, Hydroformylation, Palladium catalysed Cross-coupling reactions, C-H Activation, Oxidation with dioxygen, Alkene metathesis.

#### 7. Offering

At present this programme is being offered at the university main campus in Islamabad. In future, it will be opened for the entire country subject to the availability of laboratories and appropriate tutorial support.

#### 8. Assessment

##### Continuous Assessment

Continuous assessment will be based on assignments and class tests. The pass percentage in assignments and class tests will be 50%. The weightage of this component in the final result will be 30%.

##### Final Examination

Final examination of 100 marks for each three credit theory course will be conducted at the end of semester. The pass percentage in final examination will be 50% and its weightage in the final result 70%.

The student will have to pass in each component independently to be declared successful in the course.

##### Assessment of Research Thesis

After the completion of course work the candidate will undertake a research thesis under the guidance of a supervisor. Both the research project and name of supervisor will be approved by the

Board of Advanced Studies and Research (BASR), AIOU. PhD thesis will be evaluated by foreign professors. The research report must be supported by at least one publication in International Journal as per HEC rules.

#### 9. Attendance

These programmes are based on face to face teaching and research work. At least 70 % attendance is compulsory to qualify for appearing in final examination.

#### 10. Fee Structure

##### MPhil Chemistry Programme:

Course fee: Rs.6270 /- (For each 3-credit theory course)

Research thesis fee (For 12 credit hours research)

Semester III: Rs.50,275/-

Semester IV: Rs.50,275/-

If the thesis is not submitted by the end of 4<sup>th</sup> semester, extra fee will be charged on per semester basis.

##### Semester Wise Fee

###### 1<sup>st</sup> Semester

Course Fee Rs.26,380/- @ Rs.6270/- per 3 credit theory course (four 3 credits)

Registration & degree fee will be charged as per AIOU rules.

Please deposit this fee only after receiving your selection letter from the University.

###### 2<sup>nd</sup> Semester

Course Fee Rs.25,195/-

###### 3<sup>rd</sup> Semester

Fee for 12 credit hours research Rs.50,275/-

#### **4<sup>th</sup> Semester**

Fee for 12 credit hours research

Rs.50,275/-

Thesis evaluation fee will be charged as per AIOU rules.

#### **\*PhD Fee Structure**

<b>Item</b>	<b>Rates</b>

## DEPARTMENT OF HOME & HEALTH SCIENCES

### INTRODUCTION

Pakistan is a developing country and it is the need of the hour to improve standard of education in all disciplines especially in science and technology in order to better cope with the challenges of 21<sup>st</sup> century. The Department was first established in 1981. During last 03 decades the department has developed a range of professional programmes in Health and Nutrition, Environmental Design and Home Economics. Multipurpose teaching/ research labs for Food and Nutrition and Environmental Design programmes has been set up in order to provide a comprehensive environment for imparting practical training and research at the main campus.

### AIMS & OBJECTIVES

1. To upgrade and update the skills & knowledge of professionals in various fields of applied sciences.
2. To prepare learners for the career related disciplines considering the professional interests of individuals in the areas of Health, Food Science, Nutrition, Dietetics, Environmental Design and Home Economics.
3. To prepare the individuals/professionals for the development and up gradation of community & sustainable environment.
4. To enable the individuals to integrate and apply knowledge and skills of Basic Sciences, Home Economics & Applied Sciences for their professional development.

The department has produced scientific/value added and professional programmes/courses in the areas of Health, Food & Nutrition, Home Economics and Environmental Design. The courses are now being offered under basic functional to post-graduate, MPhil and PhD level programmes. Many of these courses are supported with audio-visual programmes.

Currently the department is offering following programmes:

1. PhD Food and Nutrition
2. MS Community Health & Nutrition
3. MS Environmental Design
4. MSc Public Nutrition
5. MSc Sustainable Environmental Design
6. PGD in Dietetics for Dieticians (**for continuing students only**)
7. PGD in Nutrition for Physicians (**for continuing students only**)
8. Postgraduate Diploma in Environmental Design
9. Undergraduate level Home Economics and Health courses
10. Functional courses in Family Health, Child Care, Nutrition & First Aid.

### A. PHD FOOD AND NUTRITION

#### 1. INTRODUCTION

The National Nutritional and Health surveys conducted so far revealed that Pakistani's vulnerable community i.e. women and children in particular are suffering from under nutrition consequently causing a number of other diseases. One out of three children in Pakistan has been reported to be malnourished. An adequate nutrition contributes substantially to childhood development but often goes unrecognized. Malnutrition in childhood leads to impaired immunity and higher susceptibility to infection. In adults, malnutrition leads to diminished strength and lower mental activity. These in return, lower the manpower productivity and affect country's economic growth.

The health professionals during their basic five years training go through a heavy syllabus of medicine, surgery and curative aspects with a little emphasis on Food and Nutrition. The need

for application of nutritional knowledge arises more during their practice at various health outlets. Similarly the Dieticians and Nutritionists have a little opportunity to enhance their knowledge and develop scholarship in the field of Food and Nutrition within Pakistan.

The purpose of MS/MPhil based PhD Food and Nutrition is to offer a value added degree programme that focuses on the research based prevention strategies of wide range of avoidable nutritional problems. It focuses on in-service health professionals and nutritional experts involved in teaching postgraduate level programmes committed to undertake good nutritional care of the community. The programme was partially funded by Department for International Development (DFID) & British Council under Higher Education Link (HEL) Programme. Technical assistance and expert advice has been provided by the Center for Health and Nutrition Research, Nine Wells Hospital of University of Dundee, Scotland, UK.

## **2. OBJECTIVES**

**PhD Food and Nutrition is planned to achieve the following objectives:**

1. To impart research based higher education in Food and Nutrition to people working in the field of Nutrition and Health.
2. To teach the skill of data collection, analysis and to draw conclusions on scientific grounds.
3. To upgrade the qualification of those who have completed their MS/MPhil in the relevant discipline.
4. To provide an opportunity to post-graduates working in different health departments/ organizations & teaching institutions to enhance their qualification.

## **3. TARGET GROUPS**

This programme is especially designed for;

1. In service Home Economists (Food & Nutrition) working in different educational environments/ agencies/ organizations.
2. Un-employed master's degree holders in the field of Home Economics (Food & Nutrition) or equivalent who want to continue their studies after completing their master degree from conventional system.
3. In-service medical officers holding master degree in Community Health and Nutrition from AIOU.
4. In-service dietitians holding master's degree in Community Health & Nutrition from AIOU.
5. Food Scientists holding MSc Honors degree in relevant discipline

## **4. ELIGIBILITY**

The minimum entry requirement for admission to PhD programme shall be:

1. Minimum 18 years of schooling in the following subjects with First Division from HEC recognized institutions.
  - a) Food & Nutrition (Home Economics)
  - b) Human Nutrition
  - c) Community Health & Nutrition (AIOU)
  - d) MSc (Hons.) Food Technology. (These candidates will be required to complete deficiency courses successfully before applying for admission in PhD. The Admission Committee will identify the deficiency courses on case to case basis keeping in view the requirements of the programmes.

2. Candidates holding MS/MPhil or equivalent degree as mentioned above with CGPA 3.0 (or 60% marks) are eligible to apply for PhD Programme. The Department will conduct written test for admission as per directives of HEC. The candidate who will pass the written test with 70% marks will be called for interview. The entry requirement for admission to a PhD programme shall be in accordance with the Postgraduate Rules, Regulations and Procedures (PRRP) relating to Admission, Registration and Examination in MS/MPhil Or equivalent and PhD at AIOU.
3. The admission will be entirely restricted to the number of seats available and final result of the interview.

**Note: The department reserves the right to withhold the admissions in the Programme without any prior notice depending upon the number of applications received, resources and human power available within the department.**

Face to face compulsory teaching workshops will be held at the main campus Islamabad only.

## **5. ADMISSION PROCEDURE**

- i. The Prescribed Admission Form (duly filled) along with the attested copies of required documents be sent to chairperson, Department of Home & Health Sciences, AIOU, Islamabad. The candidates with foreign degrees should attach HEC equivalence certificate for the postgraduate degrees.
- ii. Written test and interview of the eligible candidates will be conducted by the Departmental Admission Committee and the merit will be determined on the basis of qualification, research publications and professional experience, test and interview, etc.

- iii. At the time of interview, candidates have to present the research proposal before the Admission committee.
- iv. Selected candidates will be informed by the Directorate of Admission with the directions to deposit fee according to the schedule.

Since admission in PhD programme is strictly on merit, the fee should NOT be submitted before the confirmation of your admission; only selected candidates will be informed and asked to deposit the prescribed fee, on or before the last date for fee deposition. In case of non-compliance, it would be assumed that the student is not interested in getting admission. The department may invite a candidate in waiting list for admission against the vacant seat.

**Note: Admission form complete in all respect along with documents (testimonials) must be sent on the following address:**

**The Chairperson,  
Department of Home & Health Sciences,  
Block No.6  
Allama Iqbal Open University, Islamabad.  
Tel: 051-9057742, 051-9057745, 051-9057265,  
051-9057743, 051-9057748**

## 6. SCHEME OF STUDIES

- i. Initially, the student is required to complete 18 credit hours of PhD course work. After this period, he/she has to pass comprehensive Examination.
- ii. Besides completion of PhD course work and other requirements, a candidate has to complete research work and thesis as per AIOU rules.
- iii. For PhD, the student has to complete all other formalities, prescribed by the Higher Education Commission.

Sr. No	Course Code	Title of Course	Credit Hours
1	2766	Nutrition & Dietetics for Health Care	3(3-0)
2	2761	World Food and Nutrition Problems	3(3-0)
3	2762	Nutrition through the Life Cycle	3(3-0)
4	2763	Food Quality and Consumer Value	3(3-1)
5	2764	Principles of Nutritional Assessment	3(3-1)
6	2767	Functional Foods	3(3-0)
7	2768	Nutrition and Metabolism	3(3-0)
8	2765	Designing Personalized Scientific Nutritional plan	3(3-1)

**Note: At PhD level out of the above approved courses, courses equivalent to 9 credit hours will be offered in each semester adding up to total of 18 credit hours for PhD programme as per requirement of HEC.**

## 7. ASSESSMENT

Assessment will be done by two ways:

- a. **Assignments (Continuous assessment):**  
Two assignments for half credit course will be given in each semester and will be marked by the respective tutors. Twenty percent weightage will be given to the assignment whereas 10% to course workshops. These assignments will be marked and returned to candidates with the comments by tutors.
- b. **Final Examination:**  
Final examination will be held at the end of each semester. 70% weightage will be given to final examinations.
- c. Passing Marks: 50% Final Exam.  
50% Continuous Assessment  
50% in Aggregate
- d. Distribution of marks in different components of assessment:
  - a) Continuous Assessment 30%
    - Assignments 20%
    - Course Workshop 10%
  - b) Final Examination 70%  
The grade will be determined as under:
    - Grade A 80% or above
    - Grade B 65% to 79%
    - Grade C 50% to 64%
    - Fail Below 50%

## 8. RESEARCH THESIS

After the completion of course work the candidate will undertake a research thesis under the guidance of a supervisor. Both the research project and name of Supervisor will be approved by the Board of Advanced Studies and Research (BASR), AIOU. PhD thesis will be evaluated by foreign professors. The research report must be supported by at least one publication in International journal as per HEC rule.

## 9. VIVA VOCE

After evaluation of the thesis by external experts, the student will have to appear before a viva voce committee to defend his/her research and thesis.

## 10. ATTENDANCE

There will be two workshops of face to face teaching/ research work of 15 days each per semester. At least 70% attendance is required to qualify for appearing in final examination.

## 11. FEE STRUCTURE PHD FOOD & NUTRITION PROGRAMME

Item	Rates
Admission Fee	Rs. 2000/- This fee will be paid with the fee of first semester.
Registration Fee	Rs. 2000/- Once at the time of Admission
Technology Fee	Rs. 100/-
Tuition Fee	Rs. 6510/- per semester
Library	Rs. 700/- per semester
Lab/Computer charges	Rs. 2000/- per semester
Library security	Rs. 2500/- refundable
Caution Money	Rs. 2000/- refundable
Research Fee	Rs. 13400/- per semester

**Note:** Only applicable after confirmation of admission in PhD by the university. Thesis evaluation fee and any other charges will be as per AIOU rules.

**The University reserves the right to change the fee tariff for the coming semesters. This can be done without any prior notice as deemed fit for the expected expenditure which is to be incurred on the semester based academic and operational activities of the programmes**

## B. MS COMMUNITY HEALTH AND NUTRITION (Minimum 2 years and maximum 5 years)

MS Community Health and Nutrition is a value added degree for health professionals, it is a professional course for those who already have sound knowledge of Food and Nutrition and are working as Dietitians/ Nutritionists in Health Organizations.

### 1. OBJECTIVES

The objectives of the programmes are given as under:

- To promote the profession of Community Health, Nutrition and Dietetics.
- To provide opportunities to medical professionals to enrich their education in the field of nutrition and enhance their knowledge in this branch of preventive health.
- To provide guidance/educational opportunities to in-service dietitians and other health professionals engaged in planning and serving hospital meals.

### 2. SALIENT FEATURES

Development of this programme was initially facilitated by Kings College, London, U.K. in terms of scheme of studies, course contents and write up of the study material. The study centers are established at local teaching hospitals and related institutions at Islamabad/Rawalpindi, Lahore, Karachi, Faisalabad, Peshawar and Multan. Study centers in regions are established on the availability of viable group in the host regions. Qualified tutors in the related disciplines are identified and appointed from these institutions for providing necessary guidance to the students of MS in Community Health & Nutrition.

### 3. ELIGIBILITY

Sixteen years of schooling or 4 years of education (130 credit hours) after HSSC/FSc/Grade 12 equivalent in the relevant discipline. **Admissions will be made according to the criteria laid down by Higher Education Commission (HEC) for MS programmes.** Following degree holders are eligible for admission in this programme.

- Bachelor of Medicine and Surgery (MBBS)
- BS/ MSc Food & Nutrition (Home Economics)
- BS/MSc Human Nutrition
- Bachelor of Dentistry and Surgery (BDS)
- B/D-Pharmacy
- BS/BSc (Hons) Food Technology.
- MSc Public Nutrition

### 4. ADMISSION/REGISTRATION PROCEDURE

#### For Fresh Candidates

- Although the University offers admission twice a year i.e. Autumn and Spring, but admission to new students of this discipline is advertised only once a year i.e. in Autumn semester. A student will be generally allowed to register for a maximum of 12 credit hour courses to be offered in each semester. See Section No. 7 for semester wise course offering for MS Community Health & Nutrition.
- Students will have to submit their admission form either online or through registered post to the parent department at the given address.
- Admission forms prescribed for the programme will be entertained only.

- Incomplete admission forms will not be entertained in any case. Selection of candidates in the programme will be made strictly on basis of merit against a limited number of seats.
- Candidates are required to send complete admission form along with attested copies of all academic certificates, testimonials at the following address before closing date mentioned in the advertisement.

#### Chairperson

Department of Home & Health Sciences, Block-6,  
Allama Iqbal Open University,  
H-8, Islamabad  
Phone: 051-9057741, 9057743, 9057265, 9057748  
Email: anjums41@hotmail.com

- Only those candidates who qualify admission criteria will be informed about their selection.
- On receipt of admission offer a candidate is allowed to pay dues (as detailed in fee section) within due date as per procedure mentioned in the intimation letter.
- The study material inclusive of text books, assignments, tutorial schedule and reference material is mailed to the students.

#### For Continuing Students

The admission for the semester Spring and Autumn are offered in the month of February and August respectively. The continuing students will be sent computerized admission forms. However, if for any reason a student does not receive the computerized form, he/she may continue the Programme by submitting fresh admission form. Continue admission form can also be downloaded from university's website ([www.aiou.edu.pk](http://www.aiou.edu.pk)). The rest of the prevalent terms and conditions are applicable to all fresh and continuing students.

## 5. ADMISSION CRITERIA

Students will have to pass the test and interview organized by the university as per HEC rules and regulations.

## 6. SCHEME OF STUDIES

### MS Community Health & Nutrition Programme

Duration : Minimum four semesters (two years)  
 Credit hours requirement : 36 Credit hours  
 Course Work : 24 credit hours  
 Research / Thesis : 12 credits hours

After the completion of course work, the students will be allowed to undertake research work in the community or in laboratories at AIOU. Student at distance can use PCSIR Labs or Food Science & Nutrition Laboratory of local teaching institutions or other scientific institutions to be approved by the University. Minimum duration for submission of thesis is two semester (One Year).

## 7. OFFERING

Proposed scheme of studies for MS Community Health and Nutrition.

### List of elective courses for MS (CHAN):

Department can replace any of the above courses with following courses depending upon the facilities and expertise available at the time of admission.

Sr. No.	Course Code	Title of Course	Credit Hours
1.	1776	Dietetic Practice	3 (2+1)
2.	1779	Computer Applications in Food and Nutrition	3 (2+1)
3.	7587	Nutritional Epidemiology	3 (2+1)
4.	7588	Food Safety	3 (2+1)
5.	7764	Food Biotechnology	3 (2+1)

**Note:** A student failing to opt any course in any particular semester amongst the courses offered in that semester will have to wait for at least one semester in order to get admission in that particular course since all the courses are being offered on alternate basis.

## **8. MEDIUM OF INSTRUCTION**

English is the medium of instruction and expression for the entire course work.

## **9. INSTRUCTIONAL METHODOLOGY**

Allama Iqbal Open University employs media mix methodology of instruction in which study material in the form of practical book/notes/study manuals is supported with non-broadcast audio-visual programmes and face to face teaching & guidance. In view of the special requirements of Health and Nutrition Postgraduate studies, the following combination of media mix is being used.

### **a. Course Books**

The University Provides especially written/compiled course books in hard copy and on CDs.

### **b. Face to Face Student Teacher Contact**

27 hours face to face student teacher contact for each of three credit/four credit hour courses are arranged in the afternoon at local teaching institutions. Sixty percent attendance in these lecture sessions is compulsory.

### **c. Course Workshops**

Workshops at MS level will be conducted at AIOU main campus. There will be two workshops of face to face teaching/research work of 15 days in each semester. Attendance in these workshops is compulsory.

A workshop has lectures of eminent subject experts' student's presentations based on the field/community work followed by discussion on each presentation. A student failing to attend any workshop is generally declared fail in final result. AIOU does not bear any cost incurring on boarding/ lodging or TA/DA during the workshops. The students are required to make their own arrangements for their stay during the workshops. A student's hostel within the campus also provides accommodation facilities at nominal charges on first come first serve basis.

### **d. Practical Work**

Three days practical training workshop for lab based courses are arranged in the local teaching institutions like PCSIR, NIH, PARC and Food & Nutrition Labs at AIOU towards the end of the study period during which practicals are conducted and demonstrations by the subject experts are arranged.

During the study period the students are required to complete their community/field work and submit their mini-research reports to their respective tutor on the prescribed format.

### **e. Research and Thesis**

During the second semester of MS the student will be required to submit the topic of the research. The topic of research and supervisor will be allocated to the student after approval from the Board of Research Proposal Committee (RPC). In case the thesis submitted by the student is found to be a plagiarized version of another local or foreign research/thesis at any stage his/her candidature shall be cancelled and the student shall be debarred forever from admission to any programme of the University.

### **f. Viva Voce**

After evaluation of the thesis by external expert, the student has to appear before a viva voce committee to defend his/her research and thesis.

## 10. ATTENDANCE

Attendance in teaching sessions and workshops is compulsory.

## 11. ASSESSMENT

Assessment procedure for MS courses will be 50% in each component. (Assignments & final examination, while course workshops will be compulsory).

Assessment will be done by two ways:

- a. Assignments (Continuous assessment): Two assignments for 3-credit hour course will be given in each semester and will be marked by the respective tutors. Twenty percent weightage will be given to the assignment whereas 10% to course workshops. These assignments will be marked and returned to candidates with the comments by tutors.
- b. Final Examination: Final examination will be held at the end of each semester. 70% weightage will be given to final examination.
- c. Passing Marks  
50 % Final Exam.  
50 % Continuous Assessment

- d. Distribution of marks in different components of assessment.
  - a) Continuous assessment 30%
    - Assignments 20 %
    - Course workshop 10 %
  - b) Final Examination 70 %

The grade will be determined as under

Grade A	80 % or above
Grade B	65 % to 79 %
Grade C	50 % to 64 %

#### **13. PROCEDURE OF DEPOSITING THE FEE**

The University has introduced a special method for depositing the fee and admission form for the convenience of the students. For making the process more consistent and effective, the University has entered into a formal agreement with the National Bank of Pakistan, Bank Alfiah Limited, Allied Bank Limited, Muslim Commercial Bank Limited and the First Women Bank Limited. According to this agreement, the students can deposit fee through bank challan forms at any branch. The bank branch will issue receipt for depositing the admission form and fee. This process will give relief to the students from making bank drafts and maintaining the record of the draft copy. It will also save the additional expenditure on draft making and mailing the admission form to the University. Most important thing is that the students and the University will have no fear of losing the admission form in transit. Instead, the admission forms and fee will reach the admission department safely and in time.

**Note: Only selected students will be intimated for depositing fee. No fee is required with admission form.**

**Admission form complete in all respect must be sent on the following address:**

## DEPARTMENT OF STATISTICS

### **Introduction:**

The Department of Statistics was established in 1988 in the faculty of Sciences, Allama Iqbal Open University. Since then, the faculty and students have shared a common goal of maturing the Department with sheer hard work and constant struggle. Statistical sciences have significant impact on our lives and are a key to discoveries and innovation. Over the time, with concerted efforts, the Department has grown to its full potential and is vigorously involved in participating towards global efforts of driving a new era of growth, development and productivity. Since, our world is becoming more quantitative and data-focused, job opportunities in statistics are plentiful and projected to increase worldwide. Therefore, the alumni of the department of statistics have been working in various government departments and private sector.

The vision of Department is to impart quality education that focuses on collaborative learning through innovative teaching and research methodologies. It aims to create an environment that enables students to effectively engage in making lasting contributions in diverse fields according to rapidly changing demands of not only the home country but the entire globe. The Department is determined to further develop a state of the art model of learning and research, which will benefit the masses across the board.

### **Academic Programmes**

Department of Statistics offers the following degree programmes. All these programmes are approved by Higher Education Commission, Islamabad.

- PhD Statistics
- MPhil Statistics
- MSc Statistics
- BS (4 years) Statistics

All the courses and programmes are designed to meet the challenging statistical needs in life sciences, information technology, social sciences and other allied disciplines. The course outlines of all level courses have been designed and updated recently after consulting syllabi of national and international universities. It helps to strengthen the statistical concepts and logical thinking among our students.

Presently, these degree programmes are offered at main campus only. However, in near future, the Department also intends to offer degree programmes at regional headquarters.

### **PhD Statistics**

#### **a) Introduction:**

To meet the challenging requirements of today's fast growing world, we are in desperate need of experts in the field of Statistics. By realizing the shortage of experts in Statistics, the Department of Statistics has planned to offer PhD in Statistics. The expert statisticians are not only needed in the area of education, but also in industry and research. The curriculum of the programme is designed in such a way that both the course work and the research components are covered thoroughly.

#### **b) Objectives:**

The main objectives of PhD Statistics programme are:

1. To enhance the qualification of those who could not continue their education after MPhil Statistics.
2. To provide opportunity for in-service persons to improve their qualification and get promotion in their respective departments.
3. To prepare quality teachers/researchers of Statistics at all levels or in equivalent positions in industry or government.

**c) Eligibility:**

The candidates must have MS/MPhil Statistics with minimum 3.0 CGPA (in semester system) or First Div. (in annual system). Departmental Admission Committee will finalize the admissions after conducting the test and interview as per AIOU rules.

**d) Duration:**

The minimum duration of PhD Statistics programme is 3 years (6 semesters). Student has to complete 30 credit hours for the award of PhD Degree.

**e) Scheme of Studies:**

Code	Title	Credit Hours
<b>1<sup>st</sup> Semester</b>

## **FACULTY OF SOCIAL SCIENCES AND HUMANITIES**

First established in 1981 with five departments, the Faculty of Social Sciences and Humanities has, over the years, flourished to become, by far, the largest Faculty of the University. It, today, consists of fourteen departments offering masters programmes in major areas of Social Sciences and Humanities like, Business Administration, Economics, Mass Communication, Sociology, Gender and Women Studies, Urdu, Library & Information Sciences, History, Pakistan Studies, and Teaching of English as a foreign Language (TEFL). Additionally, efforts are afoot to plan and launch post-graduate programmes in Pakistani Languages and Law. The Commonwealth-collaborated master's programmes in the areas of Business and Public Administration, which are the specially tailored for the modern day busy executives, were launched in Spring 2002 semester.

In tune with the government's policy of promoting and strengthening a culture of higher education and research in the country, the AIOU's Faculty of Social Sciences and Humanities has shown a lot of dynamism over the past few years. It has launched MPhil/PhD programmes in Iqbaliat, Urdu and Mass Communication, Pakistani Languages, MPhil in Economics, History and Pakistan Studies. MS in Business Administration, while preparation are being made to launch PhD in Business Administration, Applied Linguistics and History.

The Faculty of Social Sciences & Humanities also offers several bachelors' level programmes in such professional areas like Bachelors in Library & Information Sciences (BLIS), BS-Business Administration, BS-Commerce and Mass Communication. Thousands of students comprising all

demographic grounds from all over the country, enroll each year in these bachelor's level programmes.

The Faculty has expanded vitally and its programmes have gained a high popularity as is clear from rapidly rising trend of enrolment during the past decade. During the mentioned period under report, the Faculty accorded high priority towards quality improvements and to modify its programmes in accordance with the current challenges of 21<sup>st</sup> century.

The Faculty proposed to launch Post-Graduate programmes in the disciplines of Political Science and International Relations, Psychology, Public Administration and Social Work.

### **DEPARTMENT OF MASS COMMUNICATION**

#### **Introduction**

The Department of Mass Communication was established in 1986 for fulfilling the educational needs of students, working journalists and media persons at various levels. The Department offered its specialized BA cluster programme in Mass Communication in 1988. It was the first ever bachelor's level programme in Mass Communication offered in the country. Students across the country are taking interest in the programme.

In 1997 the Department started its MSc Mass Communication Programme. Keeping in view the trend of students in studying the phenomenon of Mass Communication, the Department launched advanced studies of MPhil in Mass Communication in 2000. The MPhil programme imparts the knowledge of evolution and advances in mass communication theory and research, sociology of mass media, and the methods of behavioural research in social sciences.

The Department resumed offering of its PhD Programme in semester Autumn 2014. The main objective of the programme is to enable students to understand and explain the dynamics of the social phenomena of mass communication in Pakistani society, especially to enable them to independently investigate the contents, uses and effects of mass media in society.

In addition to the above degree programmes, the Department also offers Post Graduates Diploma (PGD) and certificate courses in Journalism, such as Advertising and Public Relations in the University’s Short Term Educational Programmes (STEPS).

**a) MPhil Mass Communication**

MPhil scheme in Mass Communication comprises twenty four (24) credit hours of course work and twelve (12) credit hours of research project/thesis. The course work consists of Evolution of Mass Communication Research, Mass Media and Society (I & II), Foundations of Behavioural Research (I & II), Theories of Influence on Media Content and Media Effects and Advances in Theory and Research (I & II). This programme will make students learn the social phenomena of Mass Communication and urge them to independently investigate the mass media effects on society.

**1. Duration of MPhil Programme**

The minimum duration of M Phil Mass Communication is two years (four semesters) and the maximum duration shall be five years (10 semesters).

**2. Eligibility for Admission**

The minimum entry requirement for admission to MPhil programme shall be Masters Degree in Mass Communication/ Journalism with second division from any recognized University.

1. Merit will be determined by the Department of Mass Communication according to the approved criteria.
2. Only short-listed candidates will be called for test/interview.

3. The Department enrolls limited number of students to the programme.
4. The Admission Department will inform the selected candidates for fee deposit.

**3. Medium of Instruction**

The medium of instruction and examination is English.

**4. Scheme of Studies**

There will be 24 credit hours course work and 12 credit hours of thesis. Details are given below:

**5. Semester-Wise Course Offering**

Semester	Course Title	Code	Credit Hours
<b>1<sup>st</sup> Semester Autumn</b>	Evolution of Mass Communication Research	6630	3
	Mass Media and Society-I	5761	3
	Mass Media and Society-II	5762	3

<b>3<sup>rd</sup> &amp; 4<sup>th</sup> Semester</b>	Research Project/Thesis	6636	12

## 6. Instructional Methodology

The following will be the instructional methodology:

### i. Study Material

The university provides study materials during the first two semesters of course work.

### ii. Workshop

There is a series of mandatory workshops in the beginning and end of each semester during the course work that provides an opportunity to the students to share their understanding of course content with fellow students. A special workshop is arranged during the third semester that requires students to develop and present draft proposals of thesis to the workshop participants.

### iii. Assignments

Each course carries a maximum of 100 marks. There are two assignments for each 3-credit hours course. Assignments are written by the students after studying the required readings, recommended by the Department. These assignments are designed to enable them to relate their own ideas with the concepts covered in the required readings so as to facilitate the students in developing a thorough understanding of the subject. After completion, the students send these assignments on scheduled time to the tutor appointed by the university. The tutor returns the assignments to students after giving valuable comments, and marks.

### iv. Thesis

A student is required to carry research work under the supervision of an advisor having Ph D degree in the relevant field. There is an intensive workshop to discuss research proposals of the students.

## 7. Assessment System

Under Continuous Assessment (Assignments), a student has to submit Assignments to his/her tutor in the stipulated time mentioned in the assignment schedule. Passing marks of the assignments are 50 percent.

At the end of each semester, final examination will be conducted by the University for each Course. Students need 50 percent marks to pass the final examination; however, it is necessary for the students to obtain an aggregate of 50 percent (assignments + workshop + final examination) in each course. The ratio of marks of assignments, workshop and final examination is 20:10:70 respectively. The summary of assessment system is given below:

Assessment Component	Total Marks	Passing Marks	Weightage
Assignment – 1	100	50	20%
Assignment – 2	100	50	
Students will have to attend compulsory course workshop at the end of semester having 10 marks for each course			10%
Final examination	100	50	70%
Total Marks			<b>100</b>
Aggregate Passing Marks			<b>50</b>

## 8. Viva-Voce

After evaluation of the thesis student has to appear for viva-voce before the Research Project Committee (RPC) to defend his/her work.

## **9. Instructions for Thesis**

### **i. *Registration in Thesis***

Students will submit research proposal/synopsis to the Chairman, Mass Communication Department according to the university's approved criteria. The Departmental Research Project Committee will recommend the students' research proposals/synopses to the VC (AIOU) for approval after thesis orientation workshop. The committee shall also recommend the name of supervisor for students' research work.

- ◆ Thesis will be of 200 marks, (100 marks for evaluation of research work and 100 marks for oral examination.)
- ◆ The minimum period to complete the thesis is one year and the maximum period shall be two years provided the condition of maximum duration of five years shall not be affected. (Detailed information in this regard can be obtained from the Department on request).
- ◆ Students are advised to keep closely in touch with their respective supervisor and also with the Department for research activities and submit their progress reports to the Department intermittently.

### **ii. *Thesis Evaluation Fee***

Students will deposit fee in bank for thesis evaluation at the time of submitting the thesis to the Department.

### **iii. *Plagiarization***

In case a thesis is found to be a plagiarized version of some other thesis, research work, text, etc. published or unpublished, the student's candidature for M Phil shall be cancelled and he/she shall be debarred forever from admission to any programme of

the university. In case the plagiarism is proved, after the award of M Phil degree, the degree shall be cancelled/withdrawn.

The M Phil degree shall be awarded after the positive reports of external evaluators of the research report and the successful defence by the student in viva-voce. The Dean will forward the report of the Viva-Voce to the Controller of Examinations for notification and award of the degree.

### **iv. *Format of Thesis***

The students will be required to observe guidelines regarding format, writing, referencing, paper quality and other related matters. (Detailed information in this regard could be obtained from the Department on request or the information on format will be provided during the thesis orientation workshop).

### **v. *Research Candidacy***

The Department will hold synopsis orientation workshop to identify the topic of research. The synopsis shall be prepared in accordance with the guidelines/format approved by BASR. The student shall submit a detailed research proposal in the third semester (after the completion of course work) and make a presentation before the Departmental Synopsis Committee.

Participation in the orientation workshop will be mandatory. The students shall be required to deposit the prescribed dues after approval of topic/symposia by the committee.

In case a student is not able to complete his/her research work during the minimum prescribed period of one year, he/she shall be required to pay fee equivalent to 3-credit hours per semester till submission of thesis for evaluation within the maximum time limit.

## 10. Fee Tariff

Registration Fee	Rs.200/-
Admission Fee +Technology Fee +Courier Charges:	Rs.1150/-
Course Fee (3– Credit Hours)	Rs.2940/-
Thesis Fee	Rs.11700/-
Thesis Evaluation Fee	Rs.4725/-

## 11. General Information

Photocopy of the admission form and incomplete forms will not be entertained.

Admission to MPhil Mass Communication will be granted against limited seats strictly on the basis of merit and criteria as approved by the university. The university reserves the right not to start this programme if a viable group of students is not formed.

Only the selected candidates will be informed about the result of the admission. On receipt of individual admission intimation, the student will deposit the required fee according to the procedure as laid down by the university in the admission intimation letter. Fee cannot be refunded once paid for admission nor can it be adjusted for any other programme. On payment of the registration fee, each student will be issued a registration number. The number must be quoted in all the future correspondence along with roll numbers, course(s) code numbers and semester. The students already having registration number need not to pay the registration fee. They should mention their registration number in the admission form.

During the semester the address of any student will not be changed, however, in real hardship, change of address will be considered if it is supported by a justifiable plea.

Rules, regulations framed, amended and changed from time to time by the authorities/bodies of the university will be applicable to all students. The students will have to abide by all such rules and regulations. These can be made available to students on demand.

It is the responsibility of the admitted students to remain in continuous contact with the department regarding academic activities of the programme. A student already enrolled to a programme or a specialization of a programme shall not be allowed to transfer his/her admission to another programme.

Admission to courses for the spring semester and autumn semester are generally offered in the months of February and August respectively. The continuing students are sent computerized admission forms. However, if for any reason, the student does not get the said form, he/she may get general admission form from any regional office of the university and send it to Director Admission of the university within the due date along with due fee deposited through bank challan slip.

## 12. Fee Depositing Procedure

Only on receipt of admission offer, the candidate would pay dues in accordance with the fee tariff as directed by the Admission Office.

## 13. How to Apply for Admission?

Candidates for M Phil are required to send complete admission forms along with attested copies of all educational degrees, certificates, and marks sheet at the following address before the closing date. Applicants who submit result card instead of degree/certificate will not be entertained. Incomplete admission forms will not be accepted.

**Note: Admission form complete in all respect must be sent on the following address:**
