Vice-Chancellor's Message

Dear Student,

Welcome to Allama Iqbal Open University, the first distance education university in South Asia that provides cost effective education to 1.3 million students not only in Pakistan but also in Middle East. This university has the unique privilege of blurring temporal and spatial boundaries by providing education at the thresholds of the students. The university offers a diverse range of educational facilities, starting from basic literacy programs to the PhD level. The courses are regularly revised to bring them at par with international standards. The university offers maximum number of specializations at postgraduate level through four faculties, i.e. Faculty of Arabic and Islamic Studies, Faculty of Education, Faculty of Sciences, and Faculty of Social

Sciences and Humanities. The university has a huge network of faculty members, tutors, resource persons, specialists and experts who strive hard to ensure that the programs offered by the university enable the students to become independent learners and critical thinkers. The university takes special measures to establish and strengthen research culture and prepare those individuals who can play an instrumental role in the process of progress and development of the country.

I welcome you to the postgraduate studies at AIOU and wish you a challenging yet successful journey ahead.

Prof. Dr. Zia Ul-Qayyum
Vice Chancellor
AIOU

ALLAMA IQBAL OPEN UNIVERSITY

Allama Iqbal Open University, a mega university was established in 1974 under an Act of Parliament. The main campus of the university is situated in sector H-8, Islamabad. It was the second open university of the world and the first of its kind in Asia and Africa. The aim of establishing AIOU was to provide affordable and accessible education through distance learning at the door-steps to those people who could not continue their education journey through formal system of education. The University (AIOU) operates on semester system and admits students in Autumn and Spring semesters. Under graduate admissions are offered in both the semesters where-as postgraduates are offered once a year. The enrolled students are given course books specially prepared by the university on self-instructional principles. However, at post graduate level reprints of foreign books alongwith allied material and university prepared study guides help students to polish their skills. At present, the AIOU is offering programmes from matric to PhD level in diverse disciplines comprised of four faculties. The

university has established study centres across the country where distance education students are provided necessary guidance by their respective tutors. The university has established full-time study centres and is offering four years' under-graduate degrees. Apart from curricular and extra-curricular activities during the academic year, the AIOU and its regional centres actively participate in the co-curricular activities by arranging educational and literary seminars, workshops and conferences at national and international level, attended not only by the students and faculties of the university but also by the renowned dignitaries and scholars. For the science students and the research scholars, a science complex has been built where they use the latest equipment of international standard for experiments and research. To meet the present day challenges, internet facility is also available in the student hostels and the Central Library where computers have been provided to enable students to access latest information available through open source databases.

DEPARTMENT OF COMPUTER SCIENCE

Department of Computer Science was established in the year 2000. Department has received recognition nation-wide due to its quality education. We have developed curricula of the academic programs at various levels to meet the national and international standards as defined by Higher Education Commission. The curricula include Ph. D (computer Science), MS (Computer Science), BS (Computer Science), and Postgraduate Diploma (PGD in Computer Science). In addition to these, Department is introducing new certification in Web Application Development. Department is equipped with computing facilities and services including a digital class room and state of the art computer labs. We practice the multi-method teaching methodology i.e. face-to-face regular classes for BS (Computer Science) and MS (Computer Science). The online methodology is practiced for PGD (Computer Science) and Foreign Language (French). Certification in Web Application Development shall be offered in blended mode. The skilled-based courses have been developed with the collaboration of Commonwealth of Learning (COL).

OER CONTENT DEVELOPMENT UNDER COL

The compilation of Open Education Resources (OER) has been adopted to develop the contents for skilled-based courses under the COL. The major aim is to promote technology enabled learning strategies in institutions and organizations. These contents shall not only be used to improve teaching and learning for skill development but also serve as a role model for e-content

development. The OER for certificate in Web Application Development has been developed by three Open Universities with COL support. These advanced ICT skill courses are part of COL's Technology-Enabled Learning initiative and are now available for use by any institution to offer courses and programs for improving livelihoods of the youth in the Commonwealth.

DEPARTMENT OF CHEMISTRY

The Department of Chemistry was established in March 1998. Its faculty consists of one Professor, four Associate Professors, One Assistant Professor and four Lecturers. The department has modern equipment/ instrumentation in its teaching and research labs in the Science Block at AIOU main campus. This equipment includes CHNS analyzer, Thermal Analyzer, UV-Visible, Fluorescence and FT-IR Spectrophotometer, GC-MS, HPLC, Atomic spectrophotometer, GC-MS, HPLC, Atomic Absorption spectrometer and Electrochemical System.

The Department has developed all the courses in accordance with the guidelines provided by the Higher Education Commission (HEC). These courses are reviewed from time to time through Committee of Courses to incorporate emerging modern trends in the subject. The Committee of Courses of the department has distinguished professors and scientists of the country as members besides departmental faculty. The Department of Chemistry in consultation with GC University Lahore and Fayetteville State University and the University of the North Caroline, USA going to offer Certificate/Diploma in Forensic Science from Spring 2020.

At present, Department of Chemistry is offering and coordinating the following programs:

1. Certificate/Diploma in Forensic Science (**New Offering**)
2. Chemistry Courses for F.Sc Students
3. BS Chemistry
4. MSc Chemistry
5. MPhil Chemistry

CERTIFICATE/DIPLOMA (FORENSIC SCIENCE)

1. Introduction

Allama Iqbal Open University was founded in 1974 to cater for the educational needs of the masses and fill up the existing gaps in the educational system. For the last forty-four years AIOU is providing educational facilities to a large number of students through its distance teaching methodology at different levels. A part of the mission of AIOU is to offer skill development programs, in this regard, Department of Chemistry intends to offer a Certificate/Diploma Program in Forensic Science.

2. Aims and Objectives

Forensic Science offers latest techniques and technology for crime investigation. Police forces are regularly involved in forensic investigations. The Certificate/Diploma in Forensic Science is designed to give knowledge and training to personnel working or those who intend to work in law enforcement agencies. A strong technical back ground in the different science disciplines that forms the basis of Forensic investigations will lead to proper investigation of crime scenes.
