ALLAMA IQBAL OPEN UNIVERSITY

Allama Iqbal Open University, a mega university was established in 1974 under an Act of Parliament. The main campus of the university is situated in sector H-8, Islamabad. It was the second open university of the world and the first of its kind in Asia and Africa. The aim of establishing AIOU was to provide affordable and accessible education through distance learning at the door-steps to those people who could not continue their educational journey through formal system of education. The University (AIOU) operates on semester based system and admits students in Spring and Autumn semesters. Under-graduate admissions are offered in both the semesters whereas postgraduates are offered once a year. The under-graduate students are given course books especially prepared by the university on self-instructional principles. However, at post graduate level students are encouraged for self study; therefore no text books are provided.

At present, the AIOU is offering programs from Matric to PhD level in diverse disciplines from four faculties. The university has established study centers across the country, where distance education students are provided necessary guidance by their respective tutors. Moreover, the university has

established full time study centers, wherein the students of M.Com, MBA (IT), MBA (Banking and Finance), BS (CS), etc. are being provided instructions, guidance and counseling through face-to-face mode of education. AIOU is also offering four years under-graduate degrees in various disciplines.

Apart from curricular and extra-curricular activities during the academic year, the AIOU and its regional centers actively participate in the co-curricular activities by arranging educational and literary seminars, workshops and conferences, attended not only by the students and faculties of the university, but also by the renowned dignitaries and scholars. For the science students and research scholars, a Science Complex has been built where they use the latest equipment of international standards for experiments and research. To meet the present day challenges, internet facility is also available in the student's hostel and the Central Library where computers have been provided to enable students to access latest information available through open source databases.

DEPARTMENT OF LIBRARY AND INFORMATION SCIENCES

Introduction

Postgraduate library education in Pakistan started in 1956 by the University of Karachi. In the mid-eighties there were six library science departments all over the country. But they were not producing the required number of trained professional graduates as per demand. Moreover, the rate of technological change created by television, computer and other mass media was so stunning that many librarians had been unable to assess clearly its far-reaching effects on the sphere of their services and operation. Thus keeping in view the demand of professional staff and mission of AIOU, the Department of Library and Information Sciences was established in 1985 within the Faculty of Social Sciences and Humanities to cope with this shortage and change. It contributes to meeting the professional requirements of the existing libraries and training skilled manpower scattered all over the country in accordance with the emerging need and trend.

BS English (Language and Literature) **2.5 - Year Program**

1. Introduction to BS English Program

The Department offered its flagship BS degree program in English (4-Year) with a unique and diverse blend of courses based on English language and literature initially in Autumn 2019 and admitted its first batch. The department then admitted second, third and fourth batches in the years 2020, 2021 and 2022 respectively.

The program is based on HEC's policy guidelines delineated in curriculum of BS English proposed in 2017. However, HEC's policy of phasing out MA/MSc programs has created a serious need to offer BS English (2.5 -Year) program for BA/BSc degree holders. In accordance with the HEC policy, the students with BA/ BSc degrees are allowed transition to BS English program in 4th semester which serves as bridging semester. Moreover, students with an associate degree in any other discipline are also allowed to earn a BS English degree under this scheme. The program, primarily, focuses on the needs of young learners of English language with little or no prior knowledge and exposure to the fields of English language and literature. Therefore, the scheme of studies includes foundation and specialized courses from both the fields to develop and strengthen critical skills of the learners fundamentally required to peruse their future higher education goals. The program is also expected to engage the learners in

highly critical and academic debates as well as establish and strengthen the foundations for the Department's higher education programs including MPhil (Literature), MPhil (Linguistics) and PhD in English (Linguistics).

2. Objectives

The main objectives of the program are to

At the end of each semester, final examination will be conducted by the University for each course. Students need 50 percent marks to pass the final examination; however, it is necessary for the students to obtain an aggregate of 50 per cent (assignments + final examination) in each course.
