Vice-Chancellor's Message

Dear Student,

السلام عليكم

Allama Iqbal Open University (AIOU) is one of the mega universities of the world and it occupies a unique position in the education sector of Pakistan. Because of its affordability and high quality of a distance and online academic programs, AIOU has now turned into the most favourite university of the country with high international repute. The university made a landmark progress by ensuring access to quality education rural areas under-privileged students for the people of all ages particularly the females can now select and join the programs of their choice, while sitting at their residences and along with continuing their jobs. After assessing the success of many degree programs in Pakistan, AIOU is now going to offer a range of programs for the students in UAE, Saudi Arabia, Kuwait, Qatar, Bahrain, Oman, USA and many other countries currently. More than 1.3 million students are getting benefits from the high quality educational services of AIOU in all regions of the country through more than fifty regional offices of the university. It offers/suggests many undergraduate and Postgraduate programs at rural and remote areas providing a paralleled opportunity to all the poor and deprived segments of the society at an affordable cost. The university has recently digitalized all its student-support services for facilitating its students on priority basis. This digitization of the system, it is hoped, will enable AIOU students to get all kinds of educational programmes using their Learning Management System (LMS) Aaghi portal support online.

Committed to your bright future.

Prof. Dr. Nasir Mahmood
Vice Chancellor

ALLAMA IQBAL OPEN UNIVERSITY

Allama Iqbal Open University, a mega university was established in 1974 under an Act of Parliament. The main campus of the university is situated in sector H-8, Islamabad. It was the second open university of the world and the first of its kind in Asia and Africa. The aim of establishing AIOU was to provide affordable and accessible education through distance learning at the door-steps to those people who could not continue their education journey through formal system of education. The University (AIOU) operates on semester system and admits students in Autumn and Spring semesters. Under graduate admissions are offered in both the semesters where-as post graduates are offered once a year. The enrolled students are given course books specially prepared by the university on self-instructional principles. However, at post graduate level reprints of foreign books alongwith allied material and university prepared study guides help students to polish their skills.

At present, the AIOU is offering programmes from Matric to PhD level in diverse disciplines comprised of four faculties. The university has established study centres across the country where distance education students are provided necessary guidance by their respective tutors. Moreover, the university has established full-time study centres wherein the students of MBA (IT), MBA (Banking and Finance), MBA (Marketing), MBA (HRM), BS (CS), MSc/BS Chemistry, MSc/BS Microbiology etc. are being provided instruction, guidance and counselling through face-to-face education. AIOU is also offering four years under-graduate degrees.

Apart from curricular and extra-curricular activities during the academic year, the AIOU and its regional centres actively

participate in the co-curricular activities by arranging educational and literary seminars, workshops and conferences, attended not only by the students and faculties of the university but also by the renowned dignitaries and scholars. For the science students and the research scholars, a science complex has been built where they use the latest equipment of international standard for experiments and research. To meet the present day challenges, internet facility is also available in the student hostel and the Central Library where computers have been provided to enable students to access latest information available through open source databases.

FACULTY OF SOCIAL SCIENCES AND HUMANITIES

First established in 1981 with five departments, the Faculty of Social Sciences and Humanities has, over the years, flourished to become, by far, the largest Faculty of the University. It, today, consists of 14 departments offering masters programmes in major areas of Social Sciences and Humanities like, Business Administration, Economics, Mass Communication, Sociology, Urdu, Library & Information Sciences, History, Pakistan Studies and Teaching of English as a foreign Language (TEFL). Additionally, efforts are afoot to plan and launch post-graduate programmes in Pakistani Languages and Law.

The Commonwealth-collaborated master's programmes in the areas of Business and Public Administration, which are specially tailored for the modern day busy executives, were launched in Spring 2002 semester.

In tune with the government's policy of promoting and strengthening a culture of higher education and research in the country, the AIOU's Faculty of Social Sciences and Humanities has shown a lot of dynamism over the past few years. It has launched MPhil/PhD programmes in Iqbaliat, Urdu and Mass Communication and History while preparations are being made to launch MPhil Business Administration, Applied Linguistics.

The Faculty of Social Sciences & Humanities also offers several bachelors' level programmes in such professional areas like Bachelors in Library & Information Sciences (BLIS), BS-Business Administration, BS-Commerce and Mass communication. Tens of thousands of students comprising all demographic groups and, from all over the country, enroll, each year, in these bachelor's level programmes.

The Faculty has expanded vitally and its programmes have gained a high popularity as is clear from rapidly rising trend of enrolment during the past decade. During the period under report, the Faculty accorded high priority towards quality improvements and to modify its programmes in accordance with the current challenges of 21st century.

The Faculty proposed to launch Post-Graduate programmes in the disciplines of Political Science and International Relations, Psychology, Public Administration and Social Work

DEPARTMENT OF LIBRARY AND INFORMATION SCIENCES

The Department of Library and Information Sciences was established in 1985 within the Faculty of Social Sciences and Humanities. The department is providing Library and Information Sciences education through distance learning system. Since its establishment the department has been contributing a lot to meet the professional requirements of the existing libraries and training skilled manpower all over the country in accordance with the emerging needs. The department is offering degree, bachelor and certificate levels programmes in library and information sciences through distance learning system.

Presently the Department offers three programmes i.e. Certificate in Librarianship, B.A (Library and Information Sciences) and Master of Library and Information Sciences (MLIS). The certificate and B.A programmes particularly relate to the jobs of paraprofessionals to assist the professional librarians.

Objectives

The main objective of these programmes is to produce highly skilled professional and paraprofessional human resources to serve the libraries of different organizations and diffusion of knowledge.

FACULTY OF SCIENCES

The Faculty of Sciences forms an integral part of the university. Since its establishment in 1982 with five teaching departments, it has undergone major development changes. It now comprises nine teaching and research departments which are offering courses at the undergraduate and postgraduate levels to more than ten thousand students. The faculty operates under the basic guidelines of the University Act and on an “Education for All as Convenient” basis so that maximum students get benefit from its academic programs and educational facilities. This principle has necessitated some structural changes in the non-formal mode, particularly at the postgraduate level, in the offering of theory courses and practical lab work. This conceptual adjustment has been quite successful, and many in-service students are benefiting from postgraduate study programs. Improvement in qualifications for a better life is a right of everyone and the faculty’s programs meet this challenge by offering opportunities to all. A significant number of beneficiaries are those who cannot afford education in formal institutions due to a variety of reasons.

All the departments (Agricultural Sciences, Biology, Environmental Sciences, Chemistry, Nutritional Sciences and Environmental Design, Computer Science, Physics, Mathematics, Statistics & Engineering & Technology) of The Faculty of Sciences are running a variety of postgraduate

technical, scientific, and professional programs successfully. The departments are equipped with computer labs for practical work, teaching, research, and instrumentation labs for analysis. The University is developing these labs through its resources. The Faculty of Sciences is thankful to the Vice-Chancellor for giving personal attention to the development of the Faculty of Sciences by providing generous amounts of funds and valuable guidance.

Around 80 highly qualified full-time faculty members are in the role of the Faculty of Sciences. Their role in the planning, designing and development of different courses, to meet students’ needs, is vital. Faculty members also engage in imparting and supervising instructions so that high standards are maintained. In addition, highly qualified and experienced Professors are also engaged on the contract or as part-time instructors, for postgraduate study programs. The University faculty is also offering academic positions under the tenure track system to attract the best minds in scientific and technological fields, as a full-time employee of the university.

Research is an integral part of postgraduate study programs MPhil and Ph.D. degrees in Agricultural Sciences, Chemistry, Computer Sciences, Biology (Microbiology and Molecular Genetics), Environmental Sciences, Nutritional Sciences and Environmental Design, Mathematics, Statistics and Physics. Rules and regulations for governing postgraduate study programs are those approved by the Higher Education Commission (HEC).

DEPARTMENT OF AGRICULTURAL SCIENCES

The Department of Agricultural Sciences (DAS) is making earnest efforts aiming at supplementing, supporting and reinforcing extension services and offering agriculture related programmes at different levels. Agriculture progress in most developing countries has mainly involved an increase in the production of staple crops, the introduction of industrial crops and development of livestock production.

At present, higher education in agriculture is imparted by four formal agricultural universities in Pakistan, which are not catering in-service personnel. Currently Department of Agricultural Sciences are being offered various degree programs in Agricultural Extension, Livestock Management, Forestry Extension & Rural Development for those candidates who could not improve their qualification from formal Agricultural Universities for one or other reason and are working in different governmental departments, private organization, National and International NGOs.

Objectives

To help literate farmers and rural communities generally to improve their everyday farming operations and basic skills to improve the level of knowledge and skills of field extension staff by drawing on the latest research findings and expertise at the national and international levels. To help in adoption and diffusion of improved technology among the farming population. To promote human resource development in

agriculture and its related fields. The department is supplementing, supporting and reinforcing extension services and offering agriculture related programmes at different levels.

DIPLOMA IN FLORICULTURE AND LANDSCAPING (One Year Program/Two Semesters)

Floriculture and Landscaping offers diversified opportunities that are challenging, intellectually stimulating and economically rewarding. FEE DEPOSITING PROCEDURE

The university has introduced a new method of depositing the fee and admission forms for the convenience of the students. For making the process more consistent and effective, the university has entered into a formal agreement. According to this agreement, the student can deposit the prescribed fee in any branch of all the

First Woman Bank Limited (FWBL)
Allied Bank Limited (ABL)
Muslim Commercial Bank (MCB)
National Bank of Pakistan (NBP)

The bank branch will issue a receipt of depositing the admission form and fee. This process will give relief to the students from making bank drafts and maintaining the records of the draft copies. It will also save the additional expenditure on draft making and mailing the admission forms to the university. In this way the admission forms and fee will safely reach the admission department.
