THE WORTHY Vice-Chancellor

Dear Student,

السلام عليكم

Welcome to Allama Iqbal Open University (AIOU) is one of the mega universities of the world and it occupies a unique position in the education sector of Pakistan, because of its affordability and high quality distance and online academic programs. AIOU has now turned into the most favorite university of the country with high international repute. The university made a landmark progress by ensuring access to quality education for rural areas under-privileged students and the people of all ages particularly the females can now select and join the programs of their choice, while sitting at their residence and simultaneously with continuing their jobs. After assessing the success of many degree programs in Pakistan, AIOU is now going to offer a variety of range programs for the students residing worldwide. More than 1.3 million students are getting benefits from the high quality educational services of AIOU in all regions of the country through more than fifty regional offices of the university. It offers-suggests many undergraduate and postgraduate programs at rural and remote areas providing an unparalleled opportunity to all the poor and deprived segments of the society at an affordable cost. The university has recently digitalized all its student-support services for facilitating its students on priority basis. This digitization of the system, it is hoped, will enable AIOU students to get all discipline of educational programs using their Learning Management system (LMS) portal support online.

I welcome you to the postgraduate studies at AIOU and wish you a challenging yet successful journey ahead.

Prof Dr Nasir Mahmood
Vice Chancellor AIOU

ALLAMA IQBAL OPEN UNIVERSITY

Allama Iqbal Open University, a mega university, was established in 1974 under an Act of Parliament. The main campus of the university is situated in sector H-8, Islamabad. It was the second Open university in the world and the first of its kind in Asia and Africa. The aim of establishing AIOU was to provide affordable and accessible education through distance learning at the doorsteps to those people who could not continue their educational journey through formal system of education. The University (AIOU) operates on semester-based system and admits students in Spring and Autumn semesters. Under-graduate admissions are offered in both the semesters whereas postgraduates are offered once a year. The undergraduate students are given course books especially prepared by the university on self-instructional principles. However, at post graduate level students are encouraged for self-study; therefore, no textbooks are provided.

At present, the AIOU is offering programs from Matric to Ph.D. level in diverse disciplines from four faculties. The AIOU is also offering four years under-graduate degrees in various disciplines.

Apart from curricular and extra-curricular activities during the academic year, the AIOU and its Regional Centers actively participate in the co-curricular activities by arranging educational and literary seminars, workshops, and conferences, attended not only by the students and faculties of the university, but also by the renowned dignitaries and scholars. For the science students and research scholars, a Science Complex has been built where they use the latest equipment of international standards for experiments and research. To meet the present-day challenges, internet facilities are also available in the student's hostel and the Central Library where computers have been provided to enable students to access the latest information available through open source databases.

The responsibility in this regard rests collectively with the PhD student and the university. In case of noncompliance, the registration shall be cancelled and transcripts for completion of coursework may be issued to the student.

Doctoral Dissertation

Each PhD researcher shall write a doctoral dissertation reflecting relevance, credibility, effectiveness, and legitimacy of the research. The dissertation must be an original and innovative contribution to knowledge that contributes to solving socioeconomic problems. To improve the quality of a doctoral dissertation, some regulations have been suggested in the following areas:

- i. Correspond to the community needs at regional and local levels and comply with the priority national research agenda.
- ii. Reflect the basic and pure research.
- iii. Signify emerging areas of research that coincide preferably with sustainable development goals (SDGs)

Quality in Reporting

The quality of presentation and reporting in dissertation shall reflect the following characteristics:

- i. The document is well written (precise).
- ii. The contents are balanced, well organized, appropriately styled; clearly structured, and well cohered; and
- iii. The document is free from grammatical and spelling errors and flawed terminology.
- iv. Minor shortcomings such as inaccurate use of acronyms and clumsy looking sentence structure have been addressed.
- v. Quantitative research proposals must include a valid statistical design for data analysis.
- vi. Formatting shall be compatible with international standards.

Methodological Quality

To produce PhD researchers capable of conducting research independently, ensuring the technical soundness of their PhD dissertations is integral. The following guidelines shall be useful in making the PhD research methodologically sound:

- a. “Does the research, as reported, illuminate the subjective meaning, actions and contexts of those being researched?”
- b. “Is there evidence of the adaption and responsiveness of the research design to the circumstances and issues of real-life social settings met during the course of the study?”
- c. “Does the sample produce the type of knowledge necessary to understand the structures and processes within which the individuals or situations and located?”
- d. “Is the description provided detailed enough to allow the researcher or reader to interpret the meaning and context of what is being researched?”

- e. “How are the different sources of knowledge about the same issue compared and contrasted?”
- f. “Are subjective perceptions and experiences treated as knowledge in their own right?”
- g. “How does the research move from a description of the data through quotation or examples to an analysis and interpretation of the meaning and significance of it?”

Guidelines ensuring the quality of Quantitative Research

A PhD dissertation with Quantitative Research methods should satisfy, at least, the following questions:

- a. Reliability – are the results repeatable?
- b. Validity – does it measure what it says?
- c. Internal validity – do the research results indicate what they appear to be?
- d. External validity – can the results be generalized to other settings (ecological validity) and to other populations (population validity)?
- e. Replicability – are the results of the study reproducible?

Appropriateness of the Methods to the Aims of the Study

To achieve the research objectives, the alignment of the research approach and methods is necessary. Therefore, a PhD dissertation, at least, shall:

- a. Reflect a fair proportion of latest knowledge of contemporary techniques and methods in relation to study objectives.
- b. Contain detailed and easily comprehensible discussion regarding the applied methods and techniques.
- c. Justify the use of methods and techniques to achieve study objectives.

- d. Show evaluation of obtained results in relation with study objectives.
- e. The methods and techniques used should justify the results obtained.
- f. The obtained results should support the study objectives.

Relevance to the Policy and Practice

The research should have significantly answered questions related to policy and practice in that area, establishing its usefulness and usability. Accordingly, a PhD dissertation, at least, shall:

- a. Reflect judicious evaluation of study results in relation with policy related aims and goals undertaken while starting the research.
- b. Discuss the practical implications of the study results in association with the developing practices in that area.
- c. Establish usefulness of the study results for devising policy as stated in the beginning.
- d. Discuss how the resulting policy would be useful for the organization/society.
- e. The study output should be significant enough to be published or patented.
- f. The assessment of the results performed by the author must not be superficial lacking substance.

External Evaluation of PhD Dissertation

- 1. The PhD dissertation must be evaluated by:
 - a. At least two external experts who shall be:
 - I. PhD faculty member from the world top 500 universities ranked by the Times Higher Education or QS World Ranking in the year corresponding to dissertation evaluation year.

OR

- II. Pakistan-based Distinguished National Professors, Meritorious Professors from any national university; or professors from top universities ranked by HEC; or professors from any Pakistani University having a minimum H-Index 30 for Sciences, 15 for social Sciences or 8 for Art & Humanities and determined by Web of Science.

OR

- b. At least one external expert qualifying any one of the conditions mentioned at ‘a’ above if the PhD candidate publishes dissertation research in a peer-reviewed journal that is classified by the HEC in category W for Sciences and X or above for Social Sciences.
2. The following general guidelines shall, at least, be observed while selecting external evaluator:
- a. Relevance of Expertise: in the same or related fields as in the dissertation.
 - b. No Conflict of Interest: in personal, financial, or professional stakes in a particular decision or outcome.
 - c. Objectivity: capable of making unbiased evaluations.
 - d. Diversity: in terms of geography, culture, professional backgrounds etc.
 - e. Reputation: must be good in the field, with a track record of fair and thorough evaluations.
 - f. Availability: should have the time and availability to review the dissertation.

- g. Professionalism: capable of conducting themselves in a professional and respectful manner throughout the evaluation and defense process (if applicable).
- h. Communication: capable of providing clear and constructive feedback on the dissertation.
- i. Confidentiality: capable of maintaining confidentiality and protecting the intellectual property of the dissertation.
- j. Compatibility: well-versed with the research methodology, approach, and theories used in the dissertation.

Plagiarism, Similarity Test and Open Defense

- a. Under no circumstances shall a dissertation based on plagiarized research be acceptable. It is the primary responsibility of both PhD researchers and their supervisors to prevent plagiarism. To avoid plagiarism, it is important to follow the provisions outlined in this document i.e., governing Research Supervision and Research Ethics.
- b. For Plagiarism COPE guidelines must be followed.
- c. If a PhD dissertation is found to be plagiarized, it will be handled in accordance with the Anti-Plagiarism Policy issued by the Higher Education Commission, Pakistan, as updated from time to time.
- d. A similarity test, in accordance with the HEC's Anti-Plagiarism Policy, must be conducted on the dissertation before its submission to the external experts by the student.
- e. An open defense of the dissertation is required after positive evaluation of the dissertation by

committee members. In general, the following minimum principles and guidelines shall be ensured:

- i. Public Announcement: On the university website and other forums of communication, so that anyone interested can participate.
- ii. Public Access: Within or outside the university such as community/town halls or important public venues.
- iii. Neutral Chair: To ensure that defense was conducted fairly and in accordance with the rules and regulations.
- iv. Review Committee: To evaluate the dissertation and defense.
- v. Presentation: of the dissertation by the PhD researcher.
- vi. Question and Answer Session: to provide a basis for defense evaluation.
- vii. Objective Evaluation: based on the quality of the research and the researcher's ability to defend.
- viii. Final Decision: expressed in the following terms:
 - Pass or
 - Pass with minor amendments or
 - Deferred for resubmission and re-defense or.
 - Fail (in exceptional circumstances and for the reasons to be recorded by the defense committee)

Research Publication

For award of PhD degree, a PhD researcher shall be required to publish research articles meeting the following criteria:

- I. At least:
 - a. One research article in W category journal or two research articles in X category journals, for Sciences disciplines

DEPARTMENT OF ARABIC

Dr. Abdul Majeed Baghdadadi
Chairman

The Department of Arabic Language & Literature is a pioneering Department of Allama Iqbal Open University (AIOU), recognized for introducing radio and television programs for Arabic education as early as in 1975. The Department's first and most popular broadcast, *العربي سهل*, played a significant role in introducing Arabic to the Pakistani public through both broadcast and non broadcast programs, running from 1975 to 2000.

Over the decades, the department has expanded its academic offerings, which now include programs such as PhD in Arabic, MPhil in Arabic, BS in Arabic (2 years, 2.5 years & 4 years programs). Short courses like: *Lughat-ul-Quraan*, *Arabi Bol Chal*, *Al-Lisan Al-Arabi*, *ATTC* and a variety of Arabic courses at the Matric, Intermediate, bachelor's level since its inception in 1974.

AIOU is also credited with launching Pakistan's first Arabic Teachers Training Program (ATTC) in 1982, which has significantly contributed to the professional development of Arabic educators in the country. Additionally, since the Autumn of 2019, the university has introduced the BS (4-years) and other Arabic language learning programs.

The department's MA Arabic program, developed with a focus on Arabic language and literature, social and economic thought, and religious education, has been a cornerstone of its academic offerings. Research in Arabic Languages and Literature has been a regular feature of the department since 2012, and the MPhil program in Arabic Language and Literature was introduced the same year to foster scholarly research in Arabic Literature. Whereas PhD in Arabic has also been started since 2022 on regular basis.

Today, the department continues to offer a wide range of Arabic Language courses, from Matric to PhD, as well as ATTC, short courses, and various other Arabic learning programs, maintaining its pivotal role in the academic and cultural landscape of Pakistan.

Journal of Arabic Research (JAR) is HEC recognized Journal in "Y" category is also a pride of the department of Arabic at AIOU.

FACULTY OF SCIENCES

The Faculty of Sciences forms an integral part of the university. Since its establishment in 1982 with five teaching departments, it has undergone major development changes. It now comprises of nine teaching and research departments which are offering courses at the undergraduate and postgraduate levels to more than ten thousand students. The faculty operates under the basic guidelines of the University Act and on “Education for All as Convenient” basis so that maximum students get benefit from its academic programs and educational facilities. This principle has necessitated some structural changes in the non-formal mode, particularly at the postgraduate level, in the offering of theory courses and practical lab work. This conceptual adjustment has been quite successful, and many in-service students are benefiting from postgraduate

study programs. Improvement in qualifications for a better life is a right of everyone and the faculty's programs meet this challenge by offering opportunities to all. A significant number of beneficiaries are those who cannot afford education in formal institutions due to a variety of reasons.

All the departments (Agricultural Sciences, Biology, Environmental Sciences, Chemistry, Nutritional Sciences and Environmental Design, Computer Sciences, Physics, Mathematics, Statistics & Engineering & Technology of Faculty of Sciences are running a variety of postgraduate technical, scientific, and professional programs successfully. The departments are equipped with computer labs for practical work, teaching, research, and instrumentation labs for analysis. The University is developing these labs through its own resources. The Faculty of Sciences is thankful to the Vice-Chancellor for giving personal attention to the development of the Faculty of Sciences by providing generous amounts of funds and valuable guidance.

Around 80 highly qualified full-time faculty members are on the role of the Faculty of Sciences. Their role in the planning, designing and development of different courses, to meet students' needs, is vital. Faculty members also engage in imparting and supervising instructions so that high standards are maintained. In

addition, highly qualified and experienced Professors are also engaged on contract or as part time instructors, for postgraduate study programs. The University faculty is also offering academic positions under tenure track system to attract the best minds in scientific and technological fields, as a full-time employee of the university.

Research is an integral part of postgraduate study programs MPhil, and PhD degrees in Agricultural Sciences, Chemistry, Computer Sciences, Biology (Microbiology and Molecular Genetics), Nutritional Sciences and Environmental Design, Mathematics, Statistics and Physics. Rules and regulations for governing the postgraduate study programs are those approved by the Higher Education Commission (HEC).

DEPARTMENT OF AGRICULTURAL SCIENCES

Prof. Dr. Sher Muhammad
Chairman

The Department of Agricultural Sciences (DAS) was established in 1975. Previously, the DAS was focusing on strengthening the ag. sector and rural communities through teaching & bridging social gaps. Now DAS is trying to transform conventional agriculture to more resilient and sustainable farming in the country. To achieve the set goals,

DAS has already functioned with full capacity in providing bioproducts (biofertilizers & biopesticides), advisory services to grow vegetables and crops with resource efficient means and shifted core degree courses from ODL mode to F2F mode.

State of the art labs equipped with the latest tools have been established in order to promote cutting edge technologies among farming communities after successful evaluation & verification. The DAS aims to impart skills and build capacity in agri. graduate to explore opportunities in private public entrepreneurship. The DAS has redefined its mission & vision in changing world scenarios. State of the art knowledge and trained manpower are the dire need of the hour to bring resilience in food systems & feed the population with safe and quality foods.

Programs:

The DAS offers the following program/courses at different levels.

Program at Postgraduate Level

1. PhD Agricultural Extension
2. MPhil Agricultural Technology
3. MSc (Hons) Agricultural Extension
4. MSc (Hons) Rural Development

Besides Postgraduate programs the Department also offers Higher Secondary School Certificate (HSSC), Secondary School Certificate (SSC) and STEP courses.

1. PhD Agricultural Extension

a) Introduction

Education is a continuous life long process. It is the most effective tool of creating a high productive manpower. Agricultural Education in Pakistan needs to integrate the goals of improving human, social and ethical attributes in the students, with specific requirements to produce graduate who can perform various tasks in the agricultural economy of the country, both in the public and private sectors.

For agricultural development in the country, strong linkages amongst institution, human resource development and technology transfer are very important. The technology transfers, being a continuous process, can be done in a well-organized way through an efficient agricultural extension system where integrated roles of the scientists, the extension agents and the farmers are all importantly interlinked. The scientist on their part develops better yielding varieties and breeds of crop and animals and the extension agent, on his part convince the farmers of the products utilitarian importance. The farmer when convinced will certainly adopt innovations for his own economic betterment.

Allama Iqbal Open University being concerned with the education part of the Agricultural Extension system has launched PhD degree level programme in Agricultural Extension to prepare scholars who have grasp of the discipline in general and a command over the area of specialization in particular.

b) Objectives:

PhD Program in Agricultural Extension is designed to:-

- Prepare scholars who have grasp of the discipline in general and a command over the area of specialization in particular.
- Establish a cadre of specialists and professionals in the field of Agricultural Extension who can provide effective leadership in guiding and conducting quality research in Agricultural Extension.
- Provide opportunities of professional growth and development of scholars in general and in-service personnel in particular.

c) Admission Requirements

1. The minimum entry requirement for admission to PhD in Agricultural Extension shall be M.Sc (Hons) Agricultural Extension with first division or 3.0 CGPA.

OR

MSc (Hons) Agriculture degree with first division or 3.0 CGPA with deficiency courses. The deficiency courses will be given by PhD admission committee to those candidates whose basic eligible degree is other than Agricultural Extension specialization from approved courses of MSc (Hons) Agricultural Extension Program.

d) Courses of PhD Agricultural Extension

The following courses will be taught in PhD Agricultural Extension program and the total credit hours are 18, according to the HEC criteria.

1st Semester

Sr. No.	Course Code	Course Title	Credit Hours
1	1742	Application of Extension Methods	3(3+0)
2	2527	Communication Strategies in Agricultural Extension	3(3+0)
3	2524	Agricultural Extension in Developing Countries	3(3+0)

2nd Semester

1	9477	Diffusion of Innovation	3(3+0)
2	1743	Community Development and Gender Issues	3(3+0)
3	1744	Special Topics	3(3+0)

2. MPhil Agricultural Technology

The main purpose of MPhil Agricultural Technology degree is to explore the high level of technical innovation currently being applied to agricultural production. The major challenges to sustainable agriculture in Pakistan are unavailability of quality seed, declining soil health, fragile cropping systems, looming water crisis, environmental degradation owing to indiscriminate use of farm chemicals, post-harvest losses, minimal value addition and product differentiation, inadequate food storage and preservation, poor marketing system and low production of meat, poultry and eggs. Achieving sustainability in food production and food security continues to be a challenge in the developing world including Pakistan. Over the past two decades, global food production has increased largely because of advances in innovative agriculture technology. MPhil Agricultural Technology degree will provide students with a solid foundation in agricultural business practices, expanding their career options in agro-based industries. It can also be the first step in securing a more advanced degree in the field of Agri-Tech. This degree will acquire popularity for two reasons. First, mass food production and mega-farming requires mastery of ever-more sophisticated scientific farm operations, postharvest techniques as well as meat, poultry, and egg production. Second, to ensure food security and minimize post-harvest losses in the country. Hence, this program will be offered to people who want to use their skills to address the problems of hunger and sustainable development in the country. In addition, sustainable agriculture (organic, ecological and environment friendly technologies) is of wide interest around the world. Global warming and related trends have led to an awareness of the need to preserve natural resources such as clean

water and fertile soil around the world. This degree will give students the comprehensive technical knowledge to formulate minerals, chemical and bioproduct indigenous materials available on farm. The students will be able to select/identify material indigenously available on farms and have capacity to convert them into valuable products for enhancing crop productivity.

b) Aims:

MPhil Agricultural Technology is an entrepreneurship-based degree. It will generate highly technical manpower who will be job producers not job seekers. Each course in this program is a complete entrepreneurship. After obtaining this degree, the students will be engaged in the flower industry, seed industry, organic agriculture industry, food industry, milk meat and dairy industry.

c). Objectives:

- i. To generate, integrate, and apply knowledge to individuals pursuing a higher degree in agriculture technology.
- ii. To enable MPhil Agricultural Technology holders to work as the technical experts for progressive farmers, agro-based industries to increase products and improve quality of production.
- iii. The degree holders will play important roles in greater efficiencies and lower prices of agricultural produce, safer growing conditions, and safer foods as well as reduced environmental and ecological impact.

d) Admission Requirements:

The candidates possessing B.Sc. (Hons.)/BS Agriculture, B.Sc. (Hons.)/BS Agriculture Biotechnology, B.Sc. (Hons.)/BS Animal Husbandry and B.Sc. (Hons.)/BS Food Technology degree with at least 2nd division or equivalent CGPA/GPA from national and international HEC recognized institutions will be eligible for admission in MPhil Agricultural Technology.

Courses of MPhil Agricultural Technology:

3. MSc (Hons) Livestock Management

a) Introduction:

Being a part of Agriculture, the Livestock sector plays great role in the progress of a country. One cannot deny the importance of livestock because it produces a huge quantity of food, such as beef, mutton, poultry meat, milk, yogurt and a lot of other milk and animal by-products. Millions of acres are still being cultivated with the help of farm animals in this mechanized era. Livestock and poultry yields can be further increased if people involved in this field are better and skillfully educated regarding modern techniques.

At present, higher education in livestock is imparted by formal agricultural and veterinary universities in Pakistan, which are not catering in-service personnel. However, AIOU has its character having varieties of educational methodologies within itself. The AIOU conducted a survey to get an idea about higher education in Livestock Management and received a positive response from candidates who could not improve their qualification from formal institutes. After which the department of Agricultural Sciences (DAS) decided to offer MSc (Hons)

in Livestock Management through a distance learning system, especially for those who could not enhance their qualification through formal system.

b) Objectives:

1. To develop human resources necessary for transferring the subsistence scale of livestock farming into commercial livestock production.
2. To provide an opportunity for continued professional development for the scientists in the area of marketing.
3. To provide information on the concepts of livestock development, public health, and their integration in livestock production practices.
4. To create awareness about livestock farming production, practices which will in turn promote community-based livestock development.

c) Eligibility:

Candidates possessing a DVM degree or BSc (Hons) Animal Husbandry degree equivalent to the second division in Annual System (not less than 2.5 CGP) in the semester system will be eligible for admission.

4. MSc (Hons) Agricultural Extension

a) Introduction

Agriculture is the principal occupation and source of livelihood of great majority of rural population of the country and it is the basic and largest component of our economy in terms of production, employment and export earnings. For agricultural development in a country like Pakistan, strong linkages amongst institution human resource development and technology transfer are very important. The technology transfer being a continuous process cannot possibly take place in a vacuum. It needs to be done in a well-organized system of agricultural extension where role of the scientist, the extension agent, and the farmer are all too important. The scientist must develop better yielding varieties and breeds of crops and animals, the extension agent must, on his part, equip himself with better and effective methods to convince the farmer about the product's utilitarian importance. Once convinced, the farmer will certainly adopt innovations for his own economic betterment.

Allama Iqbal Open University being concerned with the educational part of the Agricultural Extension system has initiated master level courses in agricultural extension for enhancing the knowledge and skill of the Agricultural Scientist.

The program is design to produce graduates capable of planning and managing agricultural project and extension services.

b) Objectives

Main objectives of the program are:

1. To improve the level of knowledge and skills of the prospective students.
2. To provide skills for improving diffusion and adoption of innovations among the farming community.
3. To improve the ability and self-confidence of students of Agriculture Extension to critically analyze the Agriculture Extension service and technology transfer system with a view to identify difficulties, problems and issues in promoting applied research in farming systems research and extension.
4. To promote human resource development in agricultural extension and help to meet training needs of extension field staff and rural communities.

c) Eligibility

Candidates possessing BSc (Hons) Agricultural Extension degree with 2nd division.

OR

Other related discipline like BSc (Hons) Agriculture, Rural Sociology, Animal Husbandry, DVM, BSc Agricultural Engineering Degree in second division are also eligible for admission in MSc (Hons) Agricultural Extension, but the Admission Committee may define deficiency courses for them, if necessary.

5. MSc (Hons) Rural Development

(a) Introduction

Despite the existence of large urban centers, Pakistan is still predominantly a rural society with approximately 70 percent of the population living in the rural areas. Rural development implies comprehensive and sustainable development for people and places in rural areas. It depends on several interrelated components including development appropriate production technology, dissemination of modern technology to the farming community, formulation of suitable policies for growth in the farm and rural non-farm economies, conservation and sustainable use of natural resources, and provision of infrastructure and social services. All countries in the world are subject to continual social and economic change, and the rural sectors of developing countries and countries in transition are pivotal in this process. It is recognized that in a context of increasing globalization and understanding of the underlying driving forces of this process and its consequences is critical.

Achieving rural development and responding to these global challenges will require trained professionals with a wide range of relevant expertise. These are needed to work in government agencies, non-governmental organization (NGOs) and in the private sector. Professionals are needed who can formulate appropriate policies, plans, design and implement development projects, disseminate appropriate technology and information to farmers and small-scale entrepreneurs and manage business and the efficient delivery

of services in rural areas. Recognizing the growing needs and requirements for trained professionals in rural development AIOU has decided to initiate a Masters level program in Rural Development. This program provides graduates with an interdisciplinary base from which to approach the diverse issue involved in rural change. It is designed for students interested in pursuing careers that are interactive with the potential and problems associated with the rural sector. The program is multidisciplinary in its course contents, and will provide an opportunity for in depth study of the key elements of rural development and relevant professional practice.

b) Objectives

The program gives students the opportunities to develop:

1. A critical awareness of the social, economic and management issues underlying socio-economic change.
2. Conceptual and analytical skills relevant to the social and economic dimensions of agriculture and related industries.
3. A set of potential skills pertinent to working in the public private or NGO domains.
4. The ability to change with, and influence, rational debates concerning the optimal direction of rural sector change.
5. Sufficient knowledge and understanding of the major problems socio-cultural and economic conditions of rural areas in Pakistan.

c) Eligibility

BSc (Hons) Agriculture/D.V.M./Animal Husbandry/ Agriculture Engineering degree in 2nd division or MA/MSc in Social Work/ Sociology/Rural Sociology/Anthropology/ Forestry/ Forestry Extension/ Developmental Studies/ Environmental Sciences/

Economics/ HRD/ NRM/ Business Management degree with second division/ 2.5 CGPA.

DEPARTMENT OF COMPUTER SCIENCE

Dr. Aftab Khan
Chairman

Department of Computer Science is an established department under the Faculty of Sciences. The Department of Computer Science has developed curricula of the academic programs at various levels to meet the national and international standards as defined by Higher Education Commission. The curricula include PhD (Computer Science), MS (Computer Science), BS (Computer Science) and Post Graduate Diploma (PGD) in Computer Science. Department is equipped with latest computer and hardware labs. We practice the multi-method teaching methodology i.e. face-to-face regular classes for BS (Computer Science), MS (Computer Science) and Ph. D (Computer Science). The online methodology is practiced for PGD (Computer Science / Data Science) program. The facilities of Video/Audio Conferencing are also in use for

lectures/consultations in research-oriented degrees. Department is actively involved in research and development in the following areas:

- Ubiquitous Computing
- Software Defined Networks
- Image/Video Processing
- Data Analytics/Big Data
- Data Science
- Artificial Intelligence
- Information Security and E-learning

PhD (Computer Science)

The PhD (Computer Science) program is offered at the Department of Computer Science, Main Campus Islamabad. It comprises of 18 credit hours of course work, followed by 36 credit hours of research work (Thesis). The PhD in Computer Science program at AIOU is a rigorous and advanced academic endeavor that provides students with the opportunity to delve deeply into the multifaceted world of Computer Science. This program is designed to cultivate exceptional researchers and scholars who will contribute to the cutting-edge advancements and innovations in the field. Through comprehensive coursework, intensive research, and collaborative mentorship, students in this program acquire profound expertise and critical thinking skills, preparing them for influential roles in academia, industry, and beyond.

Program Objectives:

The objectives of the program are to:

1. Promote research excellence through original and impactful investigations in specific subfields of Computer Science.
2. Facilitate scholars with indigenous research and development projects for better training and education.
3. Encourage interdisciplinary collaboration for innovative problem-solving.

Eligibility:

A candidate is eligible to apply for admission in PHD (Computer Science) program having MS/MPhil (18 years) of education in Computer Science or in any other computing related discipline with research thesis and securing a minimum of:

- CGPA of 3.00/4.00 (Semester System) or
- First Division, 60% (Marks) Annual System

DEPARTMENT OF NUTRITIONAL SCIENCES AND ENVIRONMENTAL DESIGN

Dr. Zaheer Ahmed
Chairman

Pakistan is a developing country, and it is the need of the hour to improve standard of education in all disciplines especially in science and technology to better cope with the challenges of 21st century. The Department was first established in 1981. During last few decades the Department has developed a range of professional programs in Health and Nutrition, Environmental Design and Home Economics. Multipurpose teaching/ research labs for Environmental Design and Food and Nutrition programs have been set up to provide a comprehensive environment for imparting practical training and research at the main campus.

Aims and Objectives

1. To upgrade and update the skills & knowledge of professionals in various fields of applied sciences, engineering & architecture.
2. To prepare learners for the career related disciplines considering the professional interests of individuals in the areas of Environmental Design, Engineering & Architecture, Health, Food Science, Nutrition, Dietetics, and Home Economics.
3. To prepare the individuals/professionals for the development and up gradation of community & sustainable environment.
4. To enable the individuals to integrate and apply knowledge and skills of Basic Sciences, Home Economics & Applied Sciences for their professional development.

The Department has produced scientific/value added and professional programs/courses in the areas of Environmental Design, Health, Food & Nutrition and Home Economics and. The courses are now being offered at undergraduate, postgraduate, MS and PhD level programs. Many of these courses are supported with audio-visual programs.

Currently the Department is offering following programs:

1. PhD Food and Nutrition
2. MS Community Health & Nutrition
3. MS Environmental Design

4. MSc Public Nutrition (Continuing students only)
5. MSc Sustainable Environmental Design (Continuing students only)
6. Postgraduate Diploma in Environment, Health & Safety
7. Certificate Courses in Public Health
8. Postgraduate Diploma in Sustainable Environmental Design.
9. A range of courses at SSC and HSSC level

MS Environmental Design

(Minimum 2 years and maximum 4 years)

a) Introduction:

The word environment has become a popular catchphrase in the global and national context. In Urban Design and Architecture, the environmental revolution manifests itself as sustainable design and planning. This program aims to take a holistic view of 'environment' examining both the physical and psychological aspects. It takes an interdisciplinary approach, fusing technical and scientific knowledge with philosophical and ethical issues. It is only through the sensitive consideration of the design of our cities and landscapes that we will create places that respond to both the spiritual/psychological and health/physical needs of all sectors of humanity. Optimum environmental design can generate economic development and embrace the best of technological innovation while recognizing and respecting the importance of cultural

heritage and the obligation to address the ecological agenda.

Pakistan is a developing country and it is the need of time to improve standards of education in all disciplines especially in of the 21st Century. The introduction of Environmental Design course is a major contribution towards achieving Sustainable Development Goals (SDGs). This degree makes the professionals a responsible citizen towards valuing the optimum use of resource, minimizing the waste generation, sustainable design, urban ecology, Environmental Policy & Planning. This program offers research based value added degree to upgrade professional practice of engineers, planners, scientists, geologists and designers and to provide better job prospects home and abroad.

Note: Pakistan Engineering Council has endorsed the MSc /MSdegree of Environmental Design as value added professional qualification for Engineers, which may be considered for CPD credit points for PEC registered engineers.

b) Objectives:

The new emerging concept of environmental design (in developing/under developed countries) concentrates on promoting:

- Balance between built environment and ecosystem (soil, air, and water).
- Environmental up gradation in sustainable building

infrastructure.

- Conservation of resources (building materials, energy supply and resource recovery).
- Environment friendly building materials and healthy building design.
- Optimum use of resources to mitigate climate change.

Salient features:

Development of this program was facilitated by British Council under the DFID Higher Education Link Scheme. Experts from a foreign university (Roland Ashcroft, Prof. Jeanette Paul, University of Dundee) and local Engineering/Architecture Universities/Colleges (UET, Lahore, NED University, UET Taxila, MUET, Jamshoro, NCA, Lahore) have participated in curriculum designing. Research based degree is offered to address local issues and to evolve local theories.

c) Eligibility:

General admission criteria for MS Program will be as per HEC requirement.

Sixteen years of education with at least 2nd class in following disciplines:

- BE/BS Civil, Electrical, Mechanical, Chemical, Transportation, Industrial & Manufacturing, Electronics, Mechatronics, Petroleum, Earthquake & Geotechnical, Aeronautical, Textile, Metallurgical, Architecture, Urban & Environmental.
- Bachelor in Architecture and Planning.

- MSc/BS in Geology, Geography, Geophysics, Environmental Sciences, Environmental Planning & Management, RS&GIS, Environmental Design & Home Economics.

DEPARTMENT OF PHYSICS

Dr. Syed Raza Ali Raza
Chairman

The department's greatest resources are the people that fill its classrooms, labs, offices, and state-of-the-art facilities. The undergraduate graduate students at AIOU feature a complete range of opportunities to engage in world-class Physics forms from theoretical to experimental.

The department has established several research laboratories on campus, including Renewable Energy, Modeling and Simulation, Nanotechnology and Materials Science. Several collaborations and projects are also being carried out by Physics' departmental faculty and graduate students outside, at centers of NCP, NILOP, PAEC, IST and other R&D organizations. The department is executing interdisciplinary research with strong links to the fields of Astronomy, Biophysics, Chemistry and Cellular Biology.

Realizing the need for technology and scientific education in Pakistan the Department of Physics at AIOU began in 1998 with technological needs in areas like Modeling & Simulation, Materials Science, Energy, Energy Efficiency, Climate, Energy for Sustainable Development, Renewable Energy, Hydrogen Energy, Environment, Astronomy, Nanotechnology, Plasma Physics, Medical Physics, Cosmology, Geophysics, Density Functional Theory (DFT), and Nuclear Physics. A major emphasis of current research activities is on the promotion of Modeling & Simulation, Materials Science, Renewable energy, Nanotechnology, and related areas in which the department has led to innovations.

The Department is presently running BS 4 years, MPhil & Ph.D. degree programs with specialization in various disciplines. Apart from capacity-building activities, the Department of Physics has been involved in several

International, National and Regional research projects. The physics department has developed research linkages with other National and International Universities and research organizations of repute to ensure two-way flow of knowledge.

The faculty today is engaged in research that will contribute significantly to the development of human capacity, science, and technology in Pakistan. Departmental research seeks to explore and explain fundamental questions that range from understanding the origin of the universe, including String Theory, Cosmology and Astrophysics, to understand the visible world of colloids and the world of on an ever-diminishing scale, from the mesoscale to the nanoscale, condensed matter and atomic, molecular and particle physics.

Our faculty strives to push the boundaries of our understanding in a wide variety of fundamental and applied Physics areas while providing the best research opportunities for our majors. The blending of classroom learning with training in 21st century front-edge research facilities allows our graduates and postgraduates to become successful researchers, teachers, and applied scientists in the nowadays-competitive marketplace. At the same time, we are fully committed, as the physics department of the major research university in our border region, to contribute to the public appreciation and respect for scientific work and knowledge.

The Area of specialization in the Department of Physics

Energy, Energy Efficiency, Energy Conservation, Energy for Sustainable Development, Electric power system

Management, Energy Economics, and Planning Renewable energy, Hydrogen Energy, Environment, Climate Change, Astronomy, Nanotechnology, Materials Science, Plasma Physics, Medical Physics, Lasers & Optics, Cosmology, Geo Physics, Density Functional Theory (DFT), Modeling & Simulation and Nuclear Physics.

MPhil Physics Program

1. Eligibility

- i. The minimum entry requirements for admission to **MS/MPhil/ or equivalent** programs shall be minimum of 16 years of schooling or 4 years of education in the **relevant subject** after Higher Secondary School Certificate with at least second division or equivalent CGPA/GPA (120 credit hours from HEC recognized institution).
- ii. Passed a test equivalent to GRE/GAT general conducted by the department concerned with minimum of 50% cumulative marks or as further advised by HEC from time to time.
- iii. The criteria for admission to MPhil program is based on the following components:

Component	Weightage
Academic Qualification + Research + Experience	30+5+5=40
Written Test (per HEC/AIOU Policy)	40
Interview	20
Total	100

2. Scheme of Studies

Semester-wise Course Offering

Coursework during 1 st year or 1 st & 2 nd Semester	24 Credit Hours.
Thesis / Project / Dissertation during Second-year or 3 rd &4 th semester	12 Credit Hours.

FACULTY OF EDUCATION

Prof. Dr. Fazal ur Rahman
Dean

The origin of the Faculty of Education pre-dates the university itself. The National Institute of Education was established in 1973 under the Federal Ministry of Education. It became part of the university in June 1975 as the Institute of Education in the Faculty of Social Sciences. The progressively extending functions of the institute brought the needs for structural change and in 1984 it got the status of Faculty of Education.

DEPARTMENTS OF THE FACULTY

Faculty of Education Comprises of the following Six Departments:

1. Distance, Non-Formal and Continuing Education
2. Educational Planning, Policy Studies, and Leadership
3. Early Childhood Education and Elementary Teacher Education
4. Secondary Teacher Education
5. Science Education
6. Special Education

Distance, Non-Formal Education and Continuing Education

The department was established in 1984 and was later renamed as Distance, Non-Formal and Continuing Education. This department offers PhD, MPhil, master's, and specialized courses in the B.Ed. 1.5 program. The department also offers certificate courses in literacy and non-formal education.

Educational Planning, Policy Studies, and Leadership (EPPSL)

The department was established in 1976 and was renamed as EPPSL in 2008. It offers programs in educational planning, management, and leadership. These programs are aimed at producing a managerial cadre of professionals for the educational institutions and organizations in the country. Programs of EPPSL include B.Ed., Postgraduate Diploma, MA (EPM), MPhil and PhD in Educational Planning and Management as well as online courses. The courses of these programs are in accordance with the field requirements of

target personnel in the areas of educational planning, management, and leadership.

Secondary Teacher Education

The Department of Teacher Education was established in 1985 and was bifurcated into Secondary and Elementary Teacher Education Departments in July 2003. Its programs aim at imparting academic and professional knowledge and training to in-services and preservice teachers and scholars.

The programs/courses of this department comprise MA, MEd B.Ed (4 years) and BS Instructional Design and Technology as professional degree programs. The department also offers MPhil and PhD in Education, which are aimed to prepare highly skilled professionals and leaderships in the field of teacher education.

Early Childhood Education and Elementary Teacher Education

The Department of Elementary Teacher Education was established in 2003. In April 2008, the name of Elementary Teacher Education Department was changed to Early Childhood Education and Elementary Teacher Education Department. The Department offers associate degree in education, Post Graduate Diploma in ECE, BEd (1.5 year), BEd (2.5), BEd (4 years), MPhil and PhD program, it also offers "Education" as subject at Matric, Intermediate and Graduate level. The department is planning to launch, BS (ECCE) and Certificate of Entrepreneurship in ECCE. The department also plans to offer non-credit research courses and postgraduate diploma for teaching in higher education.

Science Education

The Department of Science Education was established in 1988. The programs and courses of the department are mainly focused on education and training of mathematics and science teachers. Presently the department offers specialized courses in science education at undergraduate and postgraduate level. Specialized courses provide conceptual framework and insight into the teaching of science. The department offers BEd (4 year) BEd (2.5 year) and specialization of Science Education in BEd (1.5 year) and MEd. MPhil and PhD programs; in science education are also offered at the department.

Special Education

The Department was established in 1985. The department imparts education and training to teachers for the special children in four specializations namely visual impairment, hearing impairment, intellectual disabilities, physical disabilities, and mental retardation with particular emphasis to facilitate inclusive education. Parents of special children are also admitted to these programs. Present programs/courses of this department comprise B.Ed (4 years), MEd, MA, MPhil and PhD in the field of Special Education.

All Programs of Faculty of Education are recognized by HEC.

The University reserves the right to change the fee tariff in the coming semesters. This can be done without any prior notice as deemed fit for the expected expenditure which is to be incurred on the semester based academic and operational activities of the program.

DEPARTMENT OF SPECIAL EDUCATION

Dr. Hina Noor
Incharge

Introduction:

The department of Special Education at Allama Iqbal Open University was established under the umbrella of Faculty of education in 1985, in response to the desperate need of trained staff to provide services to special people.

Department of Special Education at Allama Iqbal Open University prepares the special education teachers for a wide variety of roles and specialization in special education. The aim of the department is to impart education and training to the teachers for the special needs children studying either in special schools or in mainstream schools. There is growing demand for professionals in this field in Pakistan and across the world. Our Special Education Faculty are at the leading edge of research and practice and have helped the thousands of students to become special education professional. We develop and offer the programs with special focus on the field of special education and students with disabilities. Our graduates have expertise in teaching techniques of special education, policy development, research and practices related to the persons with disabilities. Our goal is to provide the professional and intellectual experiences that broaden dispositions, skills and knowledge associated with teacher preparation, disability rights advocacy and special education scholarship.

MPhil Special Education

i. Eligibility

Applicants having MA/MED/BS/BED or 16 years of education in Special Education with at least 2nd division are eligible to apply:

Students with below mentioned qualification are eligible. Only if they have completed 18 credit hours courses i.e. certificate in Special Education from AIOU.

- a) MA/MED/BS/BED (4-Years) or 16 Years of Education.
- b) MA/MSc/BS/BA (4-Years) or 16 Years of Education in Sociology/ Social Work/ Psychology/ Child Development.
- c) MSc /BS (4-Years) or 16 Years of Education in Speech and Language Therapy / Speech and Hearing Sciences / Physiotherapy / Physical Rehabilitation / Opthamology /Audiology/ Audiometry.

Admission to MPhil Education in Special Education will be made on merit as per approved criteria, the applicants having MA/MEd in Special Education be given priority.

ii. Program Structure

Students enrolled in MPhil have to pass the make-up courses prescribed by the department if they are not MA/MEd in Special Education. MPhil Education specialization in Special Education programme is comprised of 24 credit hours course work and a Research Thesis of 12 credit hours.

DEPARTMENT OF SCIENCE EDUCATION

Dr. Muhammad Tanveer Afzal
Incharge

Introduction:

Faculty of education recognized the need for promotion of science education and established Department of Science Education on 1988. Initially department worked on different science education programs and produced competent teachers for the country. At present the programmes and courses of the department are mainly focused on education and training of science and mathematics teachers. Presently, the department offers specialized courses in science education at different levels. Specialized courses provide conceptual framework and insight into the teaching of science. The department also offers BEd (4Years), BEd (2.5 Years), BEd (2ADE+ 2 Years), Specialization of Science Education in BEd (1.5Years) MEd, MPhil and PhD programs in Science Education. Department has so far produced a great many PhDs, MPhil, MEd and BEd graduates who are serving in education departments of the country and abroad.

MPhil Science Education

i. Eligibility

Applicants for MPhil Science Education must possess B.Ed (4 year) with Science Education or BS Science Education, or MSED, MEd/MA (specialization in Science Education) or equivalent at least with 2nd division. Admission to MPhil will be granted on merit basis (Test and Interview) according to the approved criteria of AIOU.

ii. Program Structure

MPhil Education Specialization in Science Education comprises 24 credit hours course work and 12 credit hours Research thesis.

The detailed breakup of courses is as follows:

Semester-1

a. Core Courses (12 Credit Hours)

S. No.	Code	Courses	Credit Hours
1.	3701	Trends and Issues in Education	3
2.	3748	Qualitative Research in Education	3

FACULTY OF SOCIAL SCIENCES & HUMANITIES

Prof. Dr. Abdul Aziz Sahir
Dean, Faculty of Social Sciences & Humanities

First established in 1981 with five departments, the Faculty of Social Sciences and Humanities has, over the years, flourished to become, by far, the largest Faculty of the University. It, today, consists of fourteen departments offering masters Programs in major areas of Social Sciences and Humanities like, Business

Administration, Economics, Mass Communication, Sociology, Gender and Women Studies, Urdu, Library & Information Sciences, History, Pakistan Studies, and Teaching of English as a foreign Language (TEFL). Additionally, efforts are afoot to plan and launch post-graduate Programs in Pakistani Languages and Law. The Commonwealth-collaborated master's Programs in the areas of Business and Public Administration, which are specially tailored for the modern-day busy executives, were launched in Spring 2002 semester.

In tune with the government's policy of promoting and strengthening a culture of higher education and research in the country, the AIOU's Faculty of Social Sciences and Humanities has shown a lot of dynamism over the past few years. It has launched MPhil/PhD Programs in Iqbaliat, Urdu and Mass Communication, Pakistani Languages, MPhil in Economics, History and Pakistan Studies. MS in Business Administration, PhD in Business Administration, Applied Linguistics and History.

The Faculty of Social Sciences & Humanities also offers several bachelors' level Programs in such professional areas like bachelor's in library & Information Sciences (BLIS), BS-Business Administration, BS-Commerce and Mass Communication. Thousands of students comprising all demographic grounds from all over the country, enroll each year in these bachelor's level Programs.

The faculty has expanded vitally, and its Programs have gained a high popularity as is clear from rapidly rising trend of enrolment during the past decade. During the mentioned period under report, the faculty accorded high priority towards quality

improvements and to modify its Programs in accordance with the current challenges of 21st century.

The faculty proposed to launch Post-Graduate Programs in the disciplines of Political Science and International Relations, Psychology, Public Administration and Social Work.

DEPARTMENT OF COMMERCE

Prof. Dr. Syed Muhammad Amir Shah
Chairman

a) Introduction:

The Department of Commerce stands as a pioneer in academic excellence of AIOU with significant contributions to the educational landscape since its establishment in 1978, initially named as Industrial Education Department. The Department commenced its journey by offering Industrial & Commercial Training Courses. In 1986, the Department experienced a rebranding, emerging as the Department of Business & Management. Subsequently, in 1987, it was divided into two distinct departments: the Department of Business Management and the Department of Commerce.

In 1987, the Department of Commerce expanded its horizons, providing a comprehensive platform with the initiation of I. Com and B. Com programs. The team diligently worked to enhance the programs, setting the stage for the Department's future accomplishments. A significant turning point occurred in 2004 focusing on further elevating the quality of academic programs. The team dedicated themselves to the continuous improvement and up-gradation of the department's offerings.

In 2011, the introduction of M. Com programs with a specialization in Accounting & Finance through approved study centers marked a notable achievement. In 2013, the Department obtained the NOC from the Higher Education Commission (HEC) to launch an Associate Degree in Commerce in a blended mode of learning, featuring eight specializations. In 2017, recognizing a gap in financial reporting skills among Commerce graduates, the Department introduced courses on financial reporting in the schemes of M. Com and BS Accounting & Finance. The commitment to academic excellence led to the offering of BS Accounting & Finance in blended mode in the same year.

In 2021, the Department embarked on the development of MS Commerce postgraduate programs catering to the needs of ICMA, CA, and M. Com students keen on advancing their education and engaging in research work. The accomplishment of these efforts materialized in 2022, with the successful launch of the MS Commerce program after obtaining the necessary NOC from HEC. A pinnacle achievement in 2023 saw the accreditation of the BS Accounting & Finance program by a world-renowned professional Accountancy body recognized by the HEC, cementing the Department's commitment to global standards.

Since its inception, the Department of Commerce has played a pivotal role in producing thousands of business graduates, who, in various capacities, contribute to the nation's workforce. Upholding the vision of the University, the Department remains dedicated to developing skill-oriented and professional courses in consultation with accreditation bodies and stakeholders.

MS Commerce

The emerging global scenario necessitates that organizations look for capable professionals and researchers in commerce and be competent in responding to the changing market needs and requirements. This unique program emphasizes a qualitative and empirical approach to dealing with issues in both financial and non-financial sectors. This program concentrates on contemporary issues in the field of insurance, trade, accounting and finance and the students will be able to analyze the problems and make rational and cost-effective decisions. This will be helpful to enhance the social sensitivity and sensibility of the students and facilitate them in strengthening their skills vis-a-vis commerce, industry, and trade nationally and internationally.

Program Objectives

MS Commerce program aims to familiarize the students with recent trends and issues in the field of commerce and enable them to critically understand and interpret the business environment and its prevailing realities critically. This program is designed:

- i. To develop the understanding of students about the theoretical, technical, strategic, and practical aspects.
- ii. To familiarize students with the emerging issues.
- iii. To provide an overview of new and fast-growing areas in the field of commerce.
- iv. To develop the necessary skills for creating computer-based models for analyzing various decision problems emerging in today's financial world.

Entry Requirements

The minimum entry requirements for admission to MS Commerce program shall be a minimum of 16 years of education in the discipline of Commerce/ Business or ACMA/CA/ACCA having an equivalence of 16 years of education from HEC as per Revised Postgraduate, Regulations and Procedures relating to MS/MPhil or Equivalent Program at AIOU.

DEPARTMENT OF MASS COMMUNICATION

Prof. Dr. Saqib Riaz
Chairman

Introduction

The Department of Mass Communication was established in 1986 for fulfilling the educational needs of students, working journalists and media persons at various levels. The Department offered its specialized BA cluster program in Mass Communication in 1988. It was the first ever bachelor's level program in Mass Communication offered in the country. Students across the country are taking interest in the program

In 1997 the Department started its MSc Mass Communication Program. Keeping in view the trend of students in studying the phenomenon of Mass Communication, the Department launched advanced studies of MPhil in Mass Communication in 2000. The MPhil program imparts the knowledge of evolution and advances in mass communication theory and research, sociology of mass media, and the methods of behavioural research in social sciences.

The Department resumed offering of its PhD Program in semester Autumn 2014. The main objective of the program is to enable students to understand and explain the dynamics of the social phenomena of mass communication in Pakistani society, especially to enable them to independently investigate the contents, uses and effects of mass media in society.

In addition to the above degree programs, the Department also offers Post Graduates Diploma (PGD) and certificate courses in Journalism, such as Advertising and Public Relations in the University’s Short Term Educational Programs (STEPS)

MPhil Mass Communication

MPhil scheme in Mass Communication comprises twenty-four (24) credit hours of course work and twelve (12) credit hours of research thesis. The course work consists of Evolution of Mass Communication Research, Mass Media and Society (I & II), Foundations of Behavioural Research (I & II), Theories of Influence on Media Content and Media Effects and Advances in Theory and Research (I & II). This program will make students learn the social phenomena of Mass Communication and urge them to independently investigate the mass media effects on society

Eligibility for Admission

The minimum entry requirement for admission to MPhil program shall be Masters Degree in Mass Communication/ Media Studies with second division from any recognized University.

1. Merit will be determined by the Department of Mass Communication according to the approved criteria.
2. Only short-listed candidates will be called for test/interview.
3. The Department enrolls limited number of students to the program.
4. The Director BASR shall issue admission letter to the selected candidates for fee deposit.

DEPARTMENT OF BUSINESS ADMINISTRATION

Dr. Muhammad Majid Mahmood Bagram
Chairman

Introduction:

Established in 1986, the Department of Business Administration has risen to international prominence in a remarkably short period of time, achieving widespread global recognition. Always striving for excellence, our strength lies in our full range of program offerings, our high-quality research, conducted by our world class faculty, and our diverse and high-caliber student. Our full suite of degree programs, including PGD, BBA, MSc, MBA, MS and PhD as well as a wide range of executive education programs, means that the Department of Business Administration is always at the forefront of educational development and business thinking. Our graduates strive to make a positive impact on both the business world and the wider society.

Aims and Objectives:

The major aims and objectives are to prepare students to:

- a) Communicate ideas effectively.
- b) Synthesize, analyze, and integrate their knowledge of business disciplines to provide innovative and credible solutions to organizational problems and opportunities.
- c) Assess the impact of globalization on business.
- d) Analyze ethical implications of business decisions.

Demonstrate effective leadership and collaboration skills for making decisions and accomplishing goals.

COMMONWEALTH MASTER OF BUSINESS ADMINISTRATION AND COMMONWEALTH MASTER OF PUBLIC ADMINISTRATION PROGRAM

The COL MBA and MPA programs offered by Allama Iqbal Open University (AIOU) are dynamic, globally recognized degree programs designed to cater to the needs of professionals seeking to advance their careers in management and public administration. The MBA program

equips students with essential business acumen, strategic decision-making skills, and leadership capabilities to excel in the corporate world. Meanwhile, the MPA program focuses on building expertise in public sector management, policy analysis, and governance to develop competent leaders for public administration.

A hallmark of these programs is their internationally benchmarked curriculum, designed in collaboration with Commonwealth of Learning (COL) to align with contemporary business and public administration trends. They emphasize practical, case-based learning; ensuring students acquire not only theoretical knowledge but also real-world problem-solving skills. Another distinctive feature is the affordability and accessibility, making quality education available to a broader audience.

Furthermore, the inclusion of research-driven projects empowers students to apply their learning in a practical context, while the flexibility of self-paced learning options ensures learners can balance their studies with professional and personal commitments. Both programs emphasize practical knowledge, case-based learning, and research to ensure students gain a comprehensive understanding of their respective fields, making them competitive in local and international markets.

تعارف:

شعبہ پاکستانی زبانیں 1998ء میں قائم ہوا۔ علامہ اقبال اوپن یونیورسٹی ملک کی واحد یونیورسٹی ہے کہ جس میں پاکستان میں بولی جانے والی تمام زبانوں کے فروغ اور تدریس کے لیے شعبہ پاکستانی زبانیں کا قیام عمل میں آیا جو پاکستانی زبانوں کے تدریسی کورس پیش کرتا ہے۔ یہ کورس میٹرک، انٹر میڈیٹ اور بی ایس کی سطح کے ہیں۔ مزید برآں پاکستانی زبانوں اور ان کے ادب سے متعلق کتب کی اشاعت اور پاکستانی زبانوں کے کلاسیکی شعرا پر سی نارتھ کا اہتمام بھی شعبہ پاکستانی زبانیں کی سرگرمیوں میں شامل ہے۔ پاکستان کے مختلف علاقوں میں بولی جانے والی زبانیں مستحکم حیثیت کی حامل ہونے کے ساتھ ساتھ کئی مشترک عناصر بھی رکھتی ہیں۔ قومی یکجہتی کے فروغ میں کسی ایسے پروگرام کی ضرورت کافی عرصہ سے محسوس کی جا رہی تھی کہ جس میں پاکستانی زبانوں کا تقابلی مطالعہ، ادبیات پاکستان کا تقابلی مطالعہ اور ان زبانوں کے منفرد اور مشترک ادبی رجحانات کا احاطہ کیا گیا ہو۔ وقت کے

اس تقاضے کے پیش نظر علامہ اقبال اوپن یونیورسٹی کے شعبہ پاکستانی زبانیں نے سمسٹر بہار 2004ء میں ایم فل پاکستانی زبانیں و ادب پروگرام متعارف کرانے کا اہتمام کیا جس کے چیدہ چیدہ مقاصد درج ذیل ہیں۔

- 1- قومی یک جہتی اور ملی ہم آہنگی کے فروغ کے لئے طلبہ و طالبات کو پاکستانی زبانوں کے مشترک نقوش، بین المذاہبی روابط اور مشترک ادبی رجحانات سے روشناس کرانا۔
- 2- طلبہ اور طالبات کو پاکستانی زبانوں اور ان کے ادب کے بارے میں مطالعاتی اور تحقیقی بنیادیں فراہم کرنا۔

3- پاکستان میں کثیر لسانی ماہرین کی کمی کو کسی حد تک پورا کرنے میں مدد دینا۔

- 4- پاکستانی زبانوں (پشتو، سندھی، بلوچی، براہوئی، پنجابی، سرائیکی) کے اساتذہ کی پیشہ ورانہ مہارت میں اضافہ کرنا۔

مطالعاتی سکیم

- 1- ایم فل (پاکستانی زبانیں و ادب) بہ تخصیص پشتو، سندھی، بلوچی، براہوئی، پنجابی، سرائیکی پروگرام 24 کریڈٹ آرز کے کورس ورک اور 12 کریڈٹ آرز کے ریسرچ ورک پر مشتمل ہے۔
- 2- طلبہ ایک سمسٹر میں تین تین کریڈٹ آرز کے چار کورسوں میں داخلہ لیں گے۔

ایم فل پاکستانی زبانیں و ادب میں داخلے کے قواعد و ضوابط

امیدوار کسی بھی تسلیم شدہ یونیورسٹی سے ایم اے پنجابی/پشتو/بلوچی/سندھی/براہوئی/سرائیکی میں درجہ دوم یا اس کے مساوی قابلیت کا حامل ہونا لازمی ہے۔
